MAKE HIM HELP YOU

THERE ARE hands on which you require the help of your opponents Sometimes a winning finesse is vital to the making of your contract, but you cannot afford to try it. You may need all of the dummy's trumps for ruffing, and so cannot lead trumps through the fellow who sits at your right and has doubled you, Perhaps you can later make him lead trumps to you, at the fag and of the play. That gives you a finessing chance just as good as if you led through him.
