BARCLAY ON BRIDGE

By Shepard Barclay

"The Authority on Authorities"

A MAJOR suit containing four cards in your hand and the same number in your partner's usually is the best declaration in which to play a deal, whether at a low contract or a high one, and regardless of whether the game be rubber bridge or duplicate. A longer suit, containing the same total number of cards between the two hands, usually is better to have on the side to furnish discards. Solidity should not Trump be preferred if you have any distribution other than the balanced 4-3-3-3, since with any other you can usually count on a ruffing trick which could not be gained at No Trump.

Where North, holding four cards of his partner's heart suit, went to 6-Hearts, he took all of the tricks. He was able to ruff the fourth spade and won an obligatory diamond finesse, a club having been led originally. The heart declarer made seven, scoring 210 points for tricks, plus the game and slam bonuses, whereas the No Trumpers got only 190 for tricks and so were beaten.

Beloit Addition to Treble Firm's Power Output

BELOIT—(U.P.)—The Wisconsin Power and Light co. soon will begin construction of a \$4,000,000 addition to its Beloit plant, designed to increase power production here three to four times, it was announced Friday by John J. Gray, district manager of the firm. Gray said the project would make Beloit one of the major power production centers in the state-wide operations of the company. The city now obtains much of its electric power from a dam at Wisconsin Dells. The projected expansion would give the Beloit plant a capacity of 50,000 kilowatts.

Plans call for construction of an addition to the present plant on

the Rock river and building of several sub-stations, according to Gray. He said the project might require three years to complete. Federal priorities necessary for the expansion have been obtained, Gray said.
