### Vote Aircraft Strike

(By United Press)
Strike action was authorized today among 14,000 workers at two major aircraft plants and a strike vote was under way in a third plane-producing factory employing another 23,000 men.

More than \$1,000,000,000 in current defense orders was imperiled. The authorized strikes, as yet ot enforced, embraced 13,500 employes of the Curtiss - Wright bomber plant at Buffalo, N. Y., and 450 workers at the Bendix, N. J., division of Air Associates, Inc. An independent union demanded

workers made bargaining demands at Bendix. A strike vote was scheduled for completion today among employes of the Consolidates Aircraft corp., San Diego, Calif., where \$700,000,000 worth of huge bombers were on order. A ma-chinists union demanded a shop

contract. Meantime, mining crews entered "captive" soft coal fields of major steel firms for the first time

in a week, terminating the work-stoppage of 43,000 members of the United Mine Workers. The back-to-work movement in the mines of three states—Penn-sylvania, West Virgina, and Ken-

tucky-conformed with a National Defense Mediation Board truce for 30 days, during which operations will continue pending the board's determination of union demands for closed shops at the steel company mines. A rebellion of union miners

against the UMW extra assessment of \$10 a year threatened to spread from 22,000 men already on strike to another 20,000 in northern and central Pennsylvania anthracite

### War Games Prove Tanks Good, Bad

By LEON KAY LAKE CHARLES, La.-(U.P)-

Officers who participated in the recent maneuvers between the Second and Third armies are caught between two fires.

They wanted to demonstrate that

tanks could be stopped. They wanted to get it into the average soldier's mind that the tank could be licked. To a certain extent, they believe they succeeded, On the other hand, officers were worried that congressmen who control the army's money bags might get the idea that the U. S. army doesn't need tanks-more tanks than any enemy or any combination of enemies it might have to face before another year it out. Such an idea, of

course, the army prefers to keep away from congressmen. While the success of the newly devised and typically American anti-tank tactics was heartening, these officers told me, nevertheless they were merely maneuvers. Umpires, and not real bullets, decided the victor.

It would take some doing to find a single world which would describe the beauty of Sharon Grainger, who appears on the Knickerbocker Playbouse series, but the picture above will give you an idea. Sharon is one of the talented young players who have been recruited from the leading radio colonies to appear in the Knickerbocker Playhouse productions which are heard Saturday at 6 p. m. over NBC.
