#### Bjork Asks Martin Opinion on Budget Law

Asst. Dist. Atty. Walter M. Bjork Thursday requested an opinion from the attorney general's office on interpretation of the new Thomson budget law, in as far as it affects a revolving fund of the county highway department.

The request, Bjork said, was made at the request of the Wisconsin assignment. consin assn. Bjork asked:

"When a revolving fund of a county highway department maintains itself and there is no necessity of raising money for such a purpose through a tax levy, must the estimated revenues and contemplated expenditures for revolving fund be shown in the budget?"

He said it was his opinion, and that of the County Boards assn., that such a fund "is without the intent and purpose of the new budget law."

### Scarlet Fever Cases in State Total 3,718

With but 3,718 cases reported for the first nine months of this year, Wisconsin is bidding for its best record against scarlet fever, 8:45 p. m. - Saturday Night according to the state board of

Medical science does not have the control over scarlet fever that it has over diphtheria and typhoid using strict quarantine and, in serious cases, antitoxin as the chief means of fighting it. There is doses are required to effect immunization, and for this reason the preventive has not been very wideused, according to Dr. H. M. Guilford, state epidemiologist.

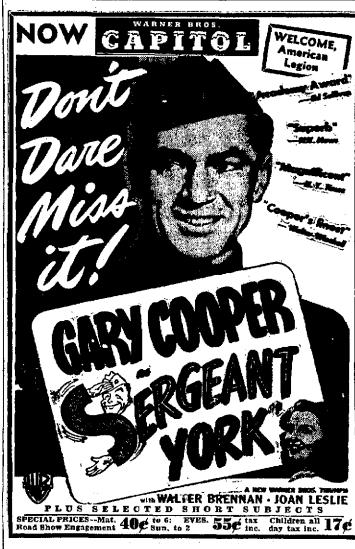

Of recent years scarlet fever 9:15 p. m. — Public Affairs has appeared in milder form than (WBBM): Sen. D. Worth Clark in the past, not only in North (D., Idaho) on "Monopoly and America but in Europe as well." In any form, however, scarlet fever is highly communicable, the state board warned. Its initial symptom is a sore throat, and for reason children with sore throats should be immediately excluded from school until their throats have been examined by

EVERY GOOD thing is good only so long as it is taken in mod-

cration. To overdo it is to be as

badly off as if you didn't have it at all, and perhaps more so. So it

is with conservative principles, as well as with bold ones. It is all

very well to be careful about raising your partner after you have forced a bid out of him with a

double, but to refuse ever to raise

him, when he has shown you a fortultous situation and you have

more strength than your double

proclaimed, is to defeat the main

purpose of a double-to find out

whether or not your side has a game, and in what.
