Lindbergh's Offer Will Be Accepted, Stimson Hints

WASHINGTON - (U.P) - Approval of former Col. Charles A. Lindbergh's offer to serve in the army air forces was hinted Thursday by Secretary of War Henry L. Stimson.

While no action has yet been taken on the famed flier's offer, Stimson told a press conference he wanted it distinctly understood that:

"Whether it comes from Col. Lindbergh or anybody else, any advice that will help the service will be gratefully appreciated and carefully considered."

YOUR TURN TO GET MAD DID YOU ever see a player get so furious at his partner that, in his temper, he, would purposely make some terrible bid or play, just to express his displeasure? Of course you have, though we hope you never have done it yourself. But did you ever see such a crazy bid or play turn out to the advantage of the miscreant? And thereby make you, the innocent bystander, be the victim? Don't say how you felt if that occurred.

Setting Record **Chiefs Report** NEW YORK-(U.P.)-The United

States now is experiencing the greatest volume of shipbuilding, commercial and naval, that has ever existed in the history of any nation, the National Council of American Shipbuilding announced Thursday night,

partner. West doubled mainly on the psychology of the situation, just because South advertised that he was throwing his partner for punishment. All of the time, poor East, who had stuck in the fice bid at 4-Spades, could only look on and hope for the best.

It turned out that the 8-No

Trumps could not possibly be set. And, after West led his club K, South ran thirteen consecutive tricks—seven in hearts, five in diamonds and one in clubs. The pain of this debacle would have been less to East if South had claimed some kind of bril-

such claim.

This much can be said for South, however. After he cleaned up so on the deal, he apologized in the humblest way he could to everybody concerned and promised he would never do such a thing again, even though it turned out profitably this one time.

Your Week-End Lesson There are still players who re-fuse ever to bid a grand slam in tournament play, regardless of what bids their partners may make, unless they can see thirteen consecutive tricks in their own hands. What set of facts should double of 4-Spades that he bid the cause even these ultra-conserva-f-No Trumps only as a nasty ex-hibition of how he felt toward his in spite of their usual policy?
