Everett Horton, Vera Lewis, Herbert Anderson, Marguerite Chapman, Craig Stevens and many other screen favorites in the supporting cast.

Peter DeHaven, played by Jeffrey Lynn, passes out at a party given him the night before he is to be married. One of his pals gets the brilliant idea of taking him over to the college dissecting room and leaving him on a slab. It so happens that Professor Shotesbury, portrayed by Edward Everett Horton, is carrying out experi-ments in reviving the dead. He chooses the form of Peter as the crucial test. After injecting the serum, Peter is revived all right but soon everything but his clothes fades into nothingness.

Shotesbury's daughter, Lynn, played by Jane Wyman, comes into the lab and while she is startled by this invisible person, she admires the cut of his clothes. But
