Radio Salutes Another Birthday, Honors Damrosch, 80, Tonight

Hope for Her

Bob Hope's program, never known for being particularly sedate. will be even less so now that he has Betty Hutton, America's No. 1 jitterbug, as a member of the cast. A star of the Broadway musical, "Panama Hattie," Betty came up the hard way after getting her first opportunity in a pie-consuming act at a Detroit theater, which gave her a chance to sing.

President Roosevelt' Night Suggested for All Baseball Circuits

ST. LOUIS-(U.P.)-A "President Roosevelt" night, to be staged at every ball park in the country with the proceeds to be distributed to various service organizations was proposed by Sid Keener, sports editor of the St. Louis Star-Times, as an appreciative gesture by organized baseball to the president for his action in permitting the national pastime to continue during the war.

Through his daily column, Keener addressed his idea to Kenesaw Landis and other baseball officials. He suggested that "every dollar taken in at the gate be donated to a special fund to be distributed to such organizations as the Red Cross, the Navy Relief fund, the USO or the Infantile Paralysis fund. Keener estimated that there

are a total of 2,435,000 seats which could be sold at regulation admission prices and bring some \$2,000,-000 for distribution from the American League, National League, American Association, In-ternational League, Pacific Coast League, Southern Association, and Texas League and 30 odd minor

Opinion Limits Purchasing Job

Dane Officer's Status Placed in Doubt

An attorney general's opinion today indirectly put a question mark on the status of the office of Maurice S. Park, new Dane county purchasing agent.

Atty, Con, John E. Martin, in an opinion to Fulton Collipp, district attorney of Adams county, held that a county purchasing agent can purchase material only for the offices of county clerk, clerk of circuit court, register of treasurer, sheriff, and

county clerk could be appointed purchasing agent for the entire county. The opinion held the clerk could take the additional job, re-ceive additional pay, but said his field was limited to the six offices.

Park, under an ordinance creat-ing his job, makes purchases for all county institutions and depart-

"We are not here concerned with t' a power which the county board has to purchase equipment for county offices," the opinion held. "We are concerned with the narrow question of the right of the county board to delegate such au-

thority as it might have.
"It may well be that the county board possesses power to make purchases for offices other than those mentioned."

Cannot Delegate It But, the opinion added, it is clear that "additional power canclear that "additional power camnot be delegated by the board in
the absence of some authority to
so delegate it."
In view of legislative history,
Martin said, he believed that no
county officer if appointed purchasing agent could exercise power

to purchase equipment for any of-fice other than those mentioned.

Prisoner 'Fed by Lord' for Eight Days

DAYTON, O. -- (U.P.) — Ralph Bowser, 42-year-old truc driver sentenced to six months in jail for refusing to send his two children to school, ended his eighth day in the city workhouse Friday, his eighth day without food.
"I get plenty of nourishment,"
Bowser said. "I am nourished by
the Lord."

Bowser occasionally called to the jailer for a drink of water, and spends most of his time read-ing the Bible or talking to the other prisoners. He denied he was on a hunger strike and said the

water he drank was "spiritual "There's nothing to be gained or lost from eating," he said. "So I'm just leaving everything in the hands of the Lord,"

Bowser and his wife were ar-

rested last week when they said they would not send their children. Bobby, 9, and Louise, 11, to school as long as school officials demanded that the two be vaccinated. School authorities said the two children had not been in

Barclay on Bridge

DON'T BE GREEDY APPRECIATIVE players, who are able to see that their contract might have been beaten if a different lead had been made, will sometimes play the safe way to be sure of making it at all, whereas others view the good fortune of a lucky lead as presentation of a chance to make an extra trick. The difference between them does not show itself so clearly in rub-ber bridge, as you cannot be sure then just what the other fellow would have done, but in duplicate you can look at the scores and see what he actually did do.

vulnerable.) North E Pass Pass Better bidding would have pre-scribed a rebid of hearts by North

on his second turn, instead of a raise of the clubs with only three eards, but the side would then have landed in the correct contract of 6-Hearts, which cannot possibly be made because East's natural lead is a diamond, which would compel one loser in that suit and one in hearts.

Draft Inroads Don't Bother Joe McCarthy

NEW YORK- (U.P.) -Although the draft may create problems at first base and in the outfield, Manager Joe McCarthy of the New York Yankees said today that he had suitable replacements for either department and was not worried about his team's position in the 1942 American League race. "We'll have the same club that finished off Brooklyn in the World Series," he said, "except for Johnny Sturm at first base and pos-sibly Tommy Henrich if the draft gets him.

"But we have Buddy Hassett to take Sturm's place and George Selkirk is still a sound outfielder. In an emergency, George Stainback, with the Detroit Tigers last year but now the property of the Yanks' Kansas City farm club, might be called up."

McCarthy believed the only other spot on the club that may cause trouble might be third base and only because of Red Rolfe's health.
"Even then," he said, "we have

fine replacement in Gerry Priddy. We are not interested in getting George McQuinn from the St. Louis Browns and have forgotten about any chance we might have had to get Dolph Camilli from Brooklyn.

"However, I don't think any of us will know what we'll have for sure until we come out of the south. Everything is subject to change."

At Kreuger, Beloit, Wis.

Several pairs got into 6-Clubs however, in the nationals at Richmond, Va., some making it and some failing. All got leads other than diamonds, for the obvious

reason that nobody likes to un-derlead a king. It was a trump or a heart in these cases. Those who went for the extra trick by dropping trumps, then trying to run hearts, found the suit failing to break. Lacking a re-entry then to the dummy, they had to lose a spade and a diamond, and so were

set.
Only one declarer was oaught in the act of making a safety play for his contract, in gratitude for his lucky lead, which was the heart J. He won that in dummy, took three high club tricks and then led a second round of hearts, letting West win it. After return of the spade 5 to the 10, J and A. he was able to run the rest of the hearts and discard both the spade and the diamond losers in ex-change for the one heart he had given up. That gave him top score on the deal, most emphatically top, as he was not in 6-Clubs but 6-No Trumps after almost the same bidding as landed so many pairs in 6-Clubs or 6-Hearts.
