Lady Turns Tigress for Radio

First picture shows Actress Arlene Francis reporting for a part in the Wednesday night radio program, "Mr. District Attorney." Second, she talks over the script with Director Ed Byron. Third picture shows her getting her teeth into the part of the villainess, and the fourth shows her giving out with the high drama of a "tigress." Actresses really emote for radio as well as for the stage or screen.

Dunkirk and Dane Civilian Defense Officers Appointed

Two more Dane county towns today reported their civilian defense officers. They are:

Dunkirk—Adolph Olson, Edgerton, command post; Harley B. Moe, Stoughton, fire department; Oscar H. Holte, Stoughton, police department; Arnold O. Robertson, Stoughton, warden's division, and Parker Lee, Stoughton, public works.

Dane—Russell Lee, Lodi, command post; Ed Whipperfurth, Dane, fire chief; C. J. Kopan, Lodi, police chief; Mike P. Schmidt, Lodi, warden, and Oliver Brereton, Dane, public works.

Eighty-four-year-old Mary A. Shanahan was arrested in London charged with stealing a powder puff from a store.

Ubin Once More Important Than Singapore

Ubin island, between Singapore island and the Malay peninsula, which has been occupied by Japanese forces, was once of greater potential military value than would have been a fortress on the site of the city of Singapore, a bulletin from the National Geographic society points out today.

"Commanding the eastern entrance to the Strait of Johore, which separates Singapore island from the Malay peninsula mainland, Ubin island was in a position to threaten all traffic by sea between China and India," the bulletin says.

"Formerly the Strait of Singapore or the 'Main Strait,' to the south of Singapore island, now commanded by the great guns of Singapore fortress, was believed to be dangerous for navigation. Consequently, all traffic passing around the Malay peninsula went to the north or south of Ubin island through Johore strait in passing between the South China sea and the Strait of Malacca.

"The island of Ubin is four miles long east and west and is a mile across at its greatest width. It is hilly throughout. It lies only about a half mile from Singapore island but is closer to the mainland.

"The channel passing north of Ubin island is narrower than that to the south but it provides safer navigation since the latter contain shoals and sunken rocks."
