Your Daughter Has a Right to Know

It is every mother's duty to tell her daughter physical facts. How much better that she learn them from you, rather than from girls her own age. In feminine hygiene, facts may be distorted, or wholly untrue. As a result, many brides use overstrong solutions of acids for the douchs which can actually burn, acar and even desensitize delicate tissue.

Today such risks are needless. Science has given womankind Zonite. So power-

ful, it kills instantly all germs and bac-terla with which it comes in contact. De-odorizes—by actually destroying odors. Protects personal daintiness. Yet! Zonite is non-caustic, non-poisonous, safe for delicate tissues. Over 20,000,000 bottles bought. Get Zonitest your druggist today.
