1 Sunday morning we all went to church and then walked around RCA we went to the top of the Empire State Building 102 stories above the ground. We were not allowed to take any pictures on the top and had to check the camera. They have a photographer stationed on the dome and since we couldn't take any pictures we had him take one of the gang. Just to be able to see New York from the Empire State is well the trip, and also to be able to see the Normandie as you did.

Roundy, did you happen to get near the Canteen for soldlers? If you didn't you had better get a uniform. The women are the best in New York, and sure are beautiful. huh?

Is that Jimmy Dohr the former drummer in the World War No. 1? Say hello to Parky Daggett for us. Now for a little about our army

life. Everyone of our gang likes our location very well, and so far there has been little squawking by anyone. We are about 50 miles from the Atlantic seaboard and really have a nice setup on the field. We have our own restaur-ant, post exchange (px) tailor shop, and barber shop. In the way of entertainment we have an excellent theater and shows cost us only about 20 cents. Some of the latest pictures are playing here now, such as "Kings Row" and "On the Shores of Tripoli". We have all of the facilities for outdoor sports, and often matches are held with prizes given to the winners. We live in two story barracks and with all of the modern conveniences of home with the exception

barracks we spend our time writ-

ing letters, studying our assign-

ments or doing our much hated washing. Lights are out at 9 p. m

and if we want to do any reading

or writing or card playing we all

head for our day room which stays lighted till 11 p. m. The last or

Well it is almost time for

at Westover Field will sign

off with greetings to every-We are about 1,212 miles

from Madison, but that doesn't

touch with the news back

home. We are looking forward

to your future descriptions of

your trip to New York, and if

we get the two day passes

that have been promised to us

for the 25th and 26th of April

we might hit some of the spots

we expect you to tell about. We would also like to know

whom we might contact there if we do get in again. We might

he able to go up to them and tell them we know Roundy.

The contacts always help the

soldier especially when they

are in new locations. If you can give us any dope of this

in a dead stupor from fatigue.

sort we would appreciate it very much. So long, and don't forget to give us all of the infermation of your trip. Here's a little poem that applies

very well to army life. It was written by a soldier in the 42nd:

What is it makes the soldier grips Much more than anything? What is it makes him every day

Unholy phrases sing? Tis not the food and not the cold That the seasoned soldiers hate, Tis just that everlasting song Of hurry up—and wait,
'Tis not the lack of war supplies,

Nor obstacles small or great, But just that everlasting song Of hurry up-and wait. The bugle calls us to alert, Come on, we now are late! On the ball, you guys, we're short

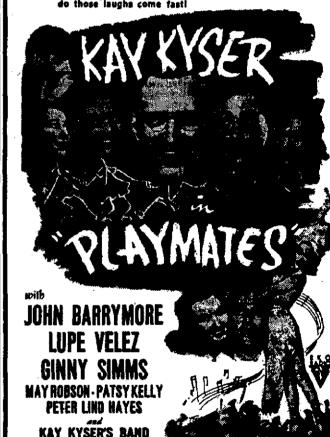

of time So hurry up—and wait. A troubled soldier wants to know The cause of such delay, But no one ever knows just why We hurry up-and wait.

There's only one time in all my That I hope to quickly say, When the bullet labelled "Tommy"

Whos! Hurry up-and wait. The Madison Gang.
