

Latest Song By AP Chief To Have Premiere Friday

Kent Cooper's "Love Is!" Will Be Heard At 8 P. M. Via WEA; Isham Jones Numbers To Be Featured

The latest composition of Kent Cooper, general manager of the Associated Press, will have its premiere Friday at 8 p. m. over WEA exactly a year after his first published song was offered to the public on the program.

The new song, "Love Is!," whose lyrics and music both are Cooper's, is the third by the AP chief to be introduced on the show by Dr. Frank Black. "Dixie Girl," his first, made it bow last May 16; the second "Sunset," had its premiere on the program last October. Baritone Ross Graham is to sing the new number, assisted by the orchestra.

In pursuing his long-time songwriting hobby, Cooper never thought of offering his songs to the public. It was at the suggestion of Niles Trammell, president of the National Broadcasting Co., who heard Cooper play "Dixie Girl," that the song was first broadcast. To date seven Cooper songs have been heard on the air.

Songs by Isham Jones, a consistent turner-out of hits for the past 20 years, also will be featured. The ensemble will recall "On the Aloha," "Spain," "I'll

UNCLE EF

Apparently there are still a lot of people who need to be snapped out of the "they" state of mind in their war thinking and acting. You've probably heard some of them saying "they are doing this wrong, they are making the gas shortage out worse than it is—they, they." It doesn't seem to me there's room for any more spectators in this war. It'll have to be a "We" war, if we're to win.

RATION BOOKS MAY BE NEEDED FOR GASOLINE

Officials Admit They Have Expected Curtailment For Some Time

COLUMBUS, O., May 15—(AP)—Those rationing coupons issued for sugar purchases might be needed one of these days to keep gasoline in the family automobile, Ohio officials asserted today.

"We've been expecting gasoline rationing for some time but haven't had any definite word," one rationing official declared. He added that only the first four stamps in war ration book No. 1 had been designated for sugar purchases and that others could be used for gasoline.

Gasoline consumption would be limited in Ohio to conserve tires and decrease highway wear rather than because of any shortage, a spokesman for state rationing headquarters declared.

Rep. James F. Van Zandt (R-Pa.) predicted yesterday that gasoline rationing would begin in eastern Ohio and western Pennsylvania in two weeks. Congressmen reported in Washington, meanwhile, there were strong indications that nationwide motor fuel rationing might be instituted by July 1.

Tire and motor vehicle rationing reduced Ohio highway traffic 17.44 per cent last month as compared with April, 1941, Highway Director Hal G. Sours reported.

Motor fuel taxed in the first three months of this year totaled 322,119,394 gallons, an increase of 1,191,687 over the same period in 1941.

ADMITTED DRIVING CHARGE WAPAKONETA, May 15—Robert Adams of St. Marys pleaded guilty to a charge of operating a motor vehicle while under the influence of intoxicating liquors and was fined \$100 and costs when arraigned Thursday before Judge W. T. Copeland in Auglaize-co common pleas court. He was released after paying the fine and costs. He was arrested by St. Marys police.
