Good Jellows!

Well I'm off on a good mission now folks I am going to deliver some Christmas Baskets. There ain't the poor people there was last year if there are it is their fault.

They should had about ten months of good steady work now and good wages. But there is a lot of old people who can't get work who did save some money and then when that 1931 came along wiped everything out. Then there is some families who have got four or five children where the father den't look forward at all he makes a fool out of himself by spending his money for liquor. You can't blame five or six year

old kids for what they don't know. And here is another thing I am going to do this year you would have to have a million dollars to do it all but we'll do the best we can. Now there's a lot of soldiers who had to leave town and who are over right in the thick of it too who left their wife and baby or two behind. Now a nice Christmas basket there would really be something. That would make the father who is right in the thick of it over there do some thinking he would appreciate that so much that words couldn't express it. It can just reach so many of them that is all that I can do. There are some kids we will maybe have to get stockings and shoes for. The baskets this year are going to cost around six and seven dollars apiece. So now get busy and get the money into me or try to put on some kind of an event where you can help me. This is war time now lets see if we can't do something for the ones left behind. They are over there or in a camp some place in this country doing their part for us.
