Harney, Oregon, at a height of 50 feet. This nest was only three feet wide, but it was three and a

In telling how a mother eagle taught her young to fly, a California man reported: "The mother started from the nest and, roughly handling the young one, allowed him to drop about 90 feet. Then she would sweep down under him, wings spread, and he would alight on her back. She would soar to the top of the range with him and repeat the process. The farthest she let him fall was about.
