THE 2nd WAR LOAN DRIVE IS ON!

From every fighting front comes a cry for help!

THIS IS IT! This is the call you must heed-the plea you must respond to. On every fighting front America moves ahead. In the tortuous swamps of the tropics, on the raging seas, over the air of Europe and in Africa our troops are striking hard.

And from everywhere there comes a cry for help.

"More tanks, more guns!" cry the soldiers.

"More planes, more bombs!" beg our flying squadrons. They're ready, eager to strike at the

enemy. And they turn to America-to YOU

And that is why your government makes this urgent public appeal asking you to lend it 13 billion dollars during these momentous days. NOW... as America takes the offen-

sive....your dollars must take the offersive Yes, it's going to be hard to dig deeper.

It's going to be hard to give up all spending except for the necessities of life. It will be easy for the part-time patriot to find excuses for himself. But think of what the millions of men fighting this war are giving up! Think of the thousands who have given their lives and the many more who are prepared to do so. If you can still face this one fact squarely and fail to buy more War Bonds and still more War Bonds—then no appeal in the world can reach your heart.

During this drive now on, you may be visited by one of the thousands of volunteers who are working to make this 2nd Drive a great success. Welcome him! Because he's there to help you make the safest investment in the world—at a good rate of interest. Listen to what he has to tell you. See

which of the various types of War Bonds and other securities is best fitted to your needs. And remember, every dollar you lend means another step towards security after this war. It means money to take advantage of the many opportunities that will be open to you when peace comes. Money that will guarantee you what you want in the future.

But don't wait for the War Bond representative to call. Go. right now, to your nearest bank or postoffice or place where they sell War Bonds. Buy all you can-and then more! Join the big offensive! Answer your country's call for help!

There are 7 different types of U. S. Government securities - choose the ones best suited for you.
