## Branch Will Be 'Guinea Pig' Project

to Get Library

"It's your guinea pig," West side residents of Madison are being informed by leaflets distributed in business places in the area, referring to the new branch of the Madison Free library to be opened Jan. 4 at 2606 Monroe st.

A part of the general sixyear program for civic improvement laid out in the various municipal departments in July, 1942, the new branch is an experiment in hours and location, according to Helen E. Farr, city librarian. At present it is to be housed in rented quarters and will become permanent when public reaction and use have established the most desirable place and hours of serva ice. As it is the first adult extension of the main library on the West side, as compared with the Sixth Ward branch and adult service two nights a week at Emerson and Lowell schools on the East side, and at Franklin and Longfellow schools on the South, considerable use by the public is ex-

A store-to-store canvass of business places in the area to determine the periods of heaviest shopping activity was the basis for hours of service chosen. As merchants were agreed that late afternoons, Friday evening and all day Saturday were most convenient times for shoppers to combine business with visits to the library, the following hours were chosen:

Tuesday, 3 to 0:30 p. m.; Friday, 6:30 to 9 p. m.; Satur-day 10:30 a. m. to 12:30; 1:30

In addition to a growing collection of popular adult magazines, fiction, and nonfiction, books for pre-school children will be included, according to Mrs. John Butterwick, who has been assigned as librarian of the new branch. Children of school age will not be served during the school year, as books and librarians are provided by the city library system for all public schools in Madison, with loan collections for parochial schools. A shelf of books for parents on child care and training will be developed as rapidly as possible, however.

"Your patronage will make the experiment a success, and success will make possible a permanent branch," West Side residents are told on the leaflets being distributed. It is this spirit which will determine other projections of library service in Madison, according to plans expressed by Miss Farr and the Madison Free Library board.

## Greer Garson, Paul Lukas Win Critics' Awards

NEW YORK -(U.P.) - Greer Garson, star of "Random Harvest," and Paul Lukas, of "Watch on the Rhine," have received top honors in the Film Daily's third national poll of magazine, newspaper, and radio critics for the outstanding screen performances

Ingrid Bergman, in "For Whom the Bell Tolls," and James Cagney, in "Yankee Doodle Dandy," took second honors.

Best supporting performances were voted to Charles Coburn in "The More the Merrier," and Katina Paxinou in "For Whom the Bell

Jack Jenkins, in "The Human Comedy," won first place in the boy-star class. Margaret O'Brien was first in the girl-star group for her work in "Journey for Margaret." Best director was Sam Wood, of "For Whom the Bell Tolls," while "The Human

## Puppet Show Will Be Dec. 30

The Jimbiljack puppet show will be given in the children's room of the State Historical society museum on Thursday, Dec. 30. The show will begin at 2 p. m.

Jack Severson will be assisted by Virginia Hopkins in handling the puppets. His brothers, Jim and Bill, who formerly worked with him,

are now in the armed forces. The historical museum is located on the fourth floor of the library building on lower States street.

## Chicago Duo - Pianists to Play | Kaiser Explains At Union Music Hour Jan. 2

Bill Schneider and Jerry Glidden, duo-pianists from Chicago, will be presented at the Sunday music hour, Jan. 2, in the Wisconsin Union theater. The program, half light classical music and half jazz, will begin at 4:15.

Schneider, who has an honorable discharge from the army, was formerly stationed at Truax Field and did the musical arrangements for the army show "On The Beam" which was presented in the Union theater in November, 1942.

Included in their Sunday music hour program will be a Cole Porter medley and a George Gershwin medley, some of the lighter classics, and some boogie-woogie.

Admission will be free to members of the Union, who must present their member cards. There will be a small admission charge to the general public.

# City to Hear **Opera in English**

### Philadelphia Group to Give 'The Bat'

Because audiences demanded grand opera in a language they could understand, the Philadelphia Opera Co. which will present Strauss' comic opera, "The Bat," in the Wisconsin Union theater, Jan. 25, has become the only professional American organization now presenting opera in English. Titles, too, are translated, ns in the case of this work, formerly known as "Die Fle-

dermaus," These young Americans are selected for their voices, and their acting ability. The cast which is coming to Madison as a part of the company's first nation-wide tour, is made up of 70 men and women with an average age of 27. They bring with them their own symphony orchestra of 30 pieces, costumes, and settings.

Under the direction of Sylvan Levin, associate for a decade of Leopold Stokowski, and under the management of David Hocker, a streamlined opera organization has been estabilshed.

It shakes the dust out of opera, eases the bonds of tradition, and takes its audiences for a delightful frolic through the otherwise austere halls of music drama.

Mail orders for tickets will be accepted at the Union theater box office Jan. 3 and will be filled in order of receipt on Jan. 13. The box office will begin the open sale on Jan. 17. Tickets are \$2.75, \$2.20, and \$1.93, with a special price for students and service members of the Union.

## Ruth Andrews to Play

Karg-Elert Works Two of the later works of Sigfrid Karg-Elert, "Invoca-tion," and "Litany," from "Sempre Semplice," will open the organ recital by Ruth Pilger Andrews at Luther Mem-orial church at 10:30 a.m. to-

day.
"Cathedral Prelude," by Joseph W. Clokey, will close the recital. Clokey, dean of the school of fine arts at Miami university, Oxford, O., has written many popular or-gan compositions of the "program" type.

The most fascinating and beautiful things which men in service sent back to this country as Christmas gifts which we've seen so far are the Arabian chief's robes, called a burnoose, which the Schorger boys, Bill and John, sons of Mr. and Mrs. A.
