OHIO

without Doctors?

Today, Ohio's doctors and nurses by the hundreds are serving with our Army and Navy from Alaska to Iran, from Australia to Italy - bringing back to health the men who are helping win Victory for the United Nations. But on the home front, other thousands of doctors and nurses are fighting doubly hard to keep their fellow-citizens of Ohio in good health - doing everything in their power to prevent or minimize interruptions in our State's war effort.

In a very real sense the well-being of Ohioans is in the capable hands of nearly 9,000 physicians and surgeons and about 18,000 nurses. At their disposal are the facilities of 247 hospitals which have beds for over 57,000 patients at one time. In an average year more than half a million patients are admitted to these institutions. To the Ohio De-

GREYHOUND BUS LINES Interurban Bldg.

partment of Health goes well-deserved credit for the high standards of medical care prevailing in our State.

We of the Greyhound Lines pay tribute to these fellow-citizens of curs who are doing so much to make our State a finer place to live in. They're doing a big job -a vital one. Greyhound's job is quite different-but vital, too! Providing safe, convenient transportation service is particularly important now. By making near neighbors and good neighbors of all the communities we serve in Ohio. we are helping unify the war efforts of this State-keeping them rolling toward

NEW METHOD LAUNDRY

Cleanliness - Rule Number One On The Fighting Front-And The **Home Front!**

Fighters, as well as workers realize that the best way to combat disease . . . to feel better . . . to work better is to keep clean. We feel that the work we are doing is an important contribution to homefront morale and health. If our service is not as prompt as you wish, remember that the demand was never greater for laundry services. We're doing our best.
