

# Valentino And Banky Form Love Team Of Sigma Drama

No, pop, this isn't an old paper that you got hold of by mistake—It's really true that Rudolph Valentino and Vilma Banky star in the film, "The Eagle," coming Wednesday to the Sigma theatre. The old film has been spruced up with sound and music, and brought here for a revival. Also showing will be "Devil's Riders." Showing for the last time Tuesday are "Jack London" and "Week-End Pass."

A drama of the sea, "Lifeboat," unfolds at the Quilna theatre with Tallulah Bankhead and William Bendix in the leading roles.

Kay Kyser and his musical entertainers head the cast of the current Ohio film, "Around the World," a comedy hit.

Humphrey Bogart is the daring adventurer started in "Sahara," now showing at the Lyric theatre with "Dangerous Blondes."

A thrilling story of submarines, "Destination Tokyo," starring Cary Grant and John Garfield is offered at the State theatre with "She's For Me."

Humphrey Bogart is now at the Lyric theatre in a thrilling follow-up to his "Casablanca" and "Action in the North Atlantic." It is "Sahara," a mighty story of epic war in the desert, telling of the life and death struggles of a little group of Allied fighters who become stranded in a tank, in the treacherous midst of sandy wastes. It depicts their matchless loyalty as they fight to survive the elements and the merciless methods of a vicious enemy.

Zoltan Korda directed the production, and the large supporting cast is headed by Lloyd Bridges and Bruce Bennett. Rex Ingram, J. Carol Nash and Louis T. Meicer also play important roles.

# Income Tax Information

## HOW TAXES ARE TO BE PAID

Taxpayers who file annual Federal income and victory tax returns for 1943 on or before March 15, 1944, will show in that return the settlement of the taxes for both the years 1942 and 1943 under the plan provided in the law for the transition to the pay-as-you-earn or current tax payment system.

After computing the tax on 1943 income, they will compare that with the 1942 tax. They will then enter on the return, in general, the greater tax plus an addition of one-fourth of the lesser tax as the total amount due. The balance of the lesser tax being paid. A substantial part if not all of the tax will already have been paid by most taxpayers, since they may take credit for all of the payments made on their 1942 income tax returns, together with the additional amounts paid (a) in the collection of income taxes at the source by withholding from wages in 1943, or (b) thru payments of estimated tax in September and December, 1943, or (c) thru a combination of both methods of payment. If, after taking these credits, a taxpayer owes a balance, he may postpone for one year (without interest) any amount of the unpaid balance up to one-half of the unforgiven portion of the lesser year's tax. The remainder of the unpaid balance, if any, will be due not later than March 15, 1944, while taxpayers who have paid more than the amount due will be eligible for a refund or credit.

Special rules apply to members of the armed forces, both in determining whether or not the 1942 tax is greater than the 1943 tax, and in determining the time when payment of the final balance due shall be made when they have been outside of this country, as explained in previous articles in this series.

Payments of income taxes must be made to the office of the collector of internal revenue where the return is required to be filed—that is, to the collector for the district in which is located the taxpayer's legal residence or principal place of business. If he has no legal residence or principal place of business in the United States, payment should be made to the collector at Baltimore, Md.

Payments of tax may be made in cash, or by check or money order payable to "Collector of Internal Revenue." If payment is made in cash, the taxpayer should request and the collector should furnish a receipt. If, however, payment is made by check or money order, the canceled check or the money order receipt is usual, a sufficient receipt.

In the payment of taxes, a fractional part of a cent is to be disregarded unless it amounts to one-half cent or more, in which case it shall be increased to 1 cent.

# TURKISH GROUP TO VISIT LONDON

LONDON, March 7—(UP)—A Turkish commission is expected to leave for London soon to discuss possible resumption of military shipments to Turkey, the Exchange Telegraph Agency reported from Istanbul today.

Both the United States and Britain suspended shipments of military supplies to Turkey after a breakdown in military talks that might have led to Turkey's entry into the war.

Premier Sukru Saracoglu invited all Turkish editors to a press conference today and a statement on Anglo-Turkish relations was expected, Exchange Telegraph said.

Oboler's adaptation of the Maugham novel begins at the point where Mildred disappears, giving Colman a role that is completely different from anything he has ever done before, and provides the kind of a part that loves to sink her teeth into.

The victory Parade of Spotlight Bands" to be heard over WJZ Tuesday at 8:30 p. m. will feature Teddy Powell, from Scott Field, Ill.
