Can You Picture
0 H 1 0 without its Fire Fighters?

Maybe you've never had to call the fire department - maybe you never will. But it's a mighty comforting thought to know that it's there, ready night and day to save you and yours from one of man's most treacherous and terrifying

The heroic work done by fire fighters in so many of the towns and cities of our Allies, which have been showered with incendiaries and explosives, is drama itself. The job of our own firemen right here at home in Ohio may be less spectacular but it's no less important-particularly to us. Yet most of us give little thought to this vital safeguard of our everyday life - until an emergency comes along.

There are 4,329 men in Ohio whose fulltime job is the protection of lives and property of the citizens of this State. These are the regular firemen — but

GREYHOUND BUS LINES

there are hundreds more who are ready to do their share at a moment's notice. the volunteer firemen.

To all of these valiant men, we of the Greyhound Lines pay sincere tribute. We're proud of these fellow-citizensthankful for them, too. And we feel we have at least one thing in common with them. They're fighting hard to improve the safety record of our State and so are we. In these tense and busy days, we feel that Greyhound, in providing safe, convenient transportation between this community and its good neighbors, is also playing its part in making Ohio
