

Man Barbers Kiss For Bonds On Air Friday

The fifth war loan drive will provide some chuckles when "People Are Funny" airs Friday (9:30 p. m., EWT).

As the out-of-the-studio stunt, Emcee Art Linkletter will select a male studio contestant to set up a war bond booth on Vine-st and sell 10-cent stamps to women only. The inducement being a free kiss with each purchase. The contestant should have quite a story to tell Linkletter when he reports back to the studio audience.

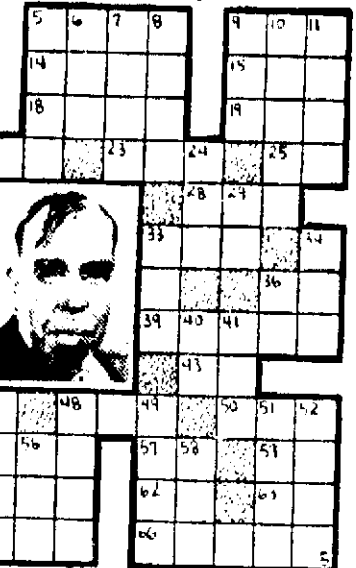

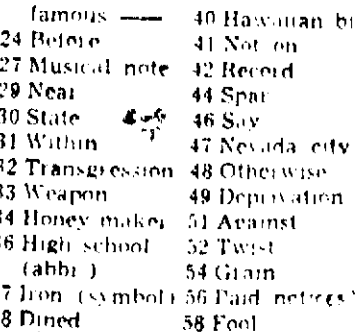

A masquerade ball is all that's needed to complicate matters for Amos 'n' Andy on their broadcast of Friday at 10 p. m., EWT, over WEAF. When the problems of what to wear to the event arises, the boys discover that a policeman, who is a tenant of the Kingfish's has conveniently left town, and his uniform is available. The officer returns unexpectedly, however, in the midst of the festivities, and goes looking for the culprit. What he finds is more than he bargained for—and what listeners will find is a half-hour of tickling fun!

GOP To Boost Young Men For National Posts

WASHINGTON, May 5 (AP)—The Republicans today appeared to have developed a new campaign theme to offset Democratic claims of "experience" by proposing to put younger and fresher men in national offices from the presidency on down.

Altho national committee officials said it was mere coincidence that three high ranking party members have sounded this note recently, an influential Republican declared there was no doubt that if President Roosevelt and Gov. Thomas E. Dewey of New York become the opposing nominees much more will be said on the subject.

Dewey brought the matter up inferentially in his April 27 speech on foreign policy in New York when he blamed "fired war leaders" for the failure to make a lasting peace after the last war.

There has been every indication that the Democrats will stress the experience of their officeholders as one of their major campaign points.

National Chairman Robert E. Hannegan has advanced this argument in several speeches, asserting the Republicans were offering "untired" men for positions of great responsibility in wartime.

He added at Chicago this week that his best information was that President Roosevelt, who has been in the south resting after an attack of bronchitis, is in splendid health.

WEEKLY SALES TAX TAKE HITS DECLINE

COLUMBUS, O., May 5—(INS)—A drop of \$210,000 in sales tax revenues for the week ended April 22, as compared with the corresponding week of last year, was reported today by State Treasurer Don H. Ehrlich.

The week's take was \$936,417, as against \$1,146,522 in the same week of 1943.

For the year to date, however, collections remain slightly ahead of last year, with \$15,781,000 collected as against \$15,644,563 in the same portion of 1943.

Altho sales appear at a rate of one in 10,000 persons.

Lausche Given Jones' Support

NEWARK, O., May 5—(INS)—Mayor Frank J. Lausche of Cleveland, today had the endorsement of Darrell S. Jones, Democratic executive committee chairman, who stepped completely beyond the lines of convention by personally endorsing Lausche as his preference in the gubernatorial primary May 9.

Jones, party chairman for the past two years, swung onto the Lausche bandwagon last night, several hours after Louis Brown, field, author, farmer and conservationist, had issued a statement lauding Lausche's candidacy as a "landslide to his party."

Jones said he was making a personal endorsement "inasmuch as he did not wish to continue as chairman of the Democratic state executive committee."

Immediately following Jones' announcement, various Democratic party leaders and candidates voiced their disapproval.

In Columbus, State Auditor Joseph T. Ferguson, who on several occasions led protests against Jones' administration, said he was "surprised" and would attempt to arrange a meeting at once with Al Horstman of Dayton, chairman of the state central committee, and other leaders to consider a new executive chairman.

Lausche's two Democratic opponents, Frazier Reams of Toledo and James W. Huffman, Columbus attorney, urged that Jones resign his post immediately.

DOCTOR BLAMES DEPRESSION FOR IMPROPER DIET

ADA, May 5—As a result of over 4,000 pre-induction physical examinations for the armed forces, Dr. Dante Pigossi of Pittsburgh in an address to Ohio Northern university students, gave his conclusion that improper diet during the depression of the 1930's accounts for heavy rejections for the service.

This conclusion was given in an address to the pharmacy, biological, pre-medical, pre-dental and pre-nursing students of the doctor's "alma mater."

Dr. Pigossi was born in Italy and after graduation from Ohio Northern university obtained his medical education from the University of Pittsburgh and has an extensive practice in Pittsburgh.

While in Ada, Dr. Pigossi, his wife and one of his four daughters were guests of Dean and Mrs. H. E. Huber.

SECURITY PLAN UP TO NATION, BRICKER SAYS

COLUMBUS, May 5—(AP)—Gov. John W. Bricker says the nation should decide what kind of social security program it will have, "how extensive it will be and what agencies, governmental or otherwise, will run it."

Speaking on a Town Meeting of the Air broadcast, the candidate for the Republican presidential nomination said last night there was no question whether this country should have such a program because the nation has had social security in varying degrees since colonial days.

The governor shared the program with high school students who expressed their views on the question, "Does youth want social security from the cradle to the grave?"

Questions to be answered, Bricker said, were how to help the needy without perpetuating the cause of need; whether benefits should be extended to all hazards of life; where to draw the line between private and governmental operation; whether the federal government or the states should be entrusted with the program's operation and whether, under any system, indolence and lethargy could be discouraged and initiative and thrift promoted.

"We must remember," he said, "that any program for helping others thru government must rest ultimately on the will of our people. If the spirit of brotherly helpfulness goes out of our hearts no program will long endure."

MISSING YOUTH AND DOG FOUND SAFE IN WOODS

PORTSMOUTH, O., May 5—(UP)—Little Ronald Arthur Boggs and his pet dog, "Brownie," played together again today after their roving days, their parents hoped, behind them.

The three-year-old child and his dog, part terrier, part beagle, were found last night after a 32-hour search by approximately 1,500 persons from this Ohio river city.

The boy, son of Mr. and Mrs. Dorr Boggs, wandered away from his home in the exclusive Forest Hill section Tuesday morning. He was found by three boys and another dog at the head of Heutter's hollow, a heavily wooded section about four miles north of his home.

The boy apparently had spent Tuesday night in a cave with his dog. He was scratched from bears and sunburned, but Dr. George Christ said he was healthy and unharmed by his experience.

At the height of the search, approximately 800 employees of the Williams Manufacturing Co., joined other volunteers in the hunt for the boy.

In migrating, most birds do not attempt non-stop flights but rest frequently.
