Short Term Cards to Be Issued

During the next three months, library privileges enjoyed by Madison residents will be extended by the Madison Free library to summer visitors, Margaret Nordholm, head of the circulation department, said Saturday. Cards expiring Oct. 1 may be obtained by presenting identification, including the Madlson address.

Students at the summer session of the University of Wisconsin were holders of the most of the 137 short term cards issued to summer visitors from 19 tates during 1943, Miss Nordholm said. Ten summer registrations are reported already this year. These figures do not include servicemen and women stationed in Madison or at Truax Field, who are given short term cards, she pointed out. State legislators and their wives as well may borrow books from the city library without charge while the leg-

islature is in session. Extension of city library service has been brought about by two recent library board rulings. Children living outside the city but attending Madison schools are now entitled to a special vacation card at public branches or in the children's room at the main library upon payment of a 25 cent fee. During the school year these children receive free service from the public school libraries, each of which is a part of the city library

Beginning July 1, the other library board decision affects residents of Dane county who own or pay taxes on property in Madison, but who live outside the city limits. Upon pre-sentation of their Madison tax receipt, they will become registered borrowers with the same privileges as Madison residents. Subscription cards are available for two dollars year to others living in Dane county who neither live in Madison nor pay taxes on

city property. For those who are in Madison for only a few days on business, the city library has a special deposit card. Upon depositing \$5, guests in the city may borrow two books at a time. When the books are returned, the entire amount is refunded. City visitors us-ing this service last year to-

Provision is also made for service to Madison residents who plan long vacations away from Madison. As many as 10 books, five fiction and five non-fiction, may be taken out on a special vacation charge expiring Oct. 1 if the card holder leaves his forwarding address. Titles chosen are subject to approval by the head of the circulation department. Children's books may also be borrowed for the longer vacation period, Miss Nordholm

Seat Exchange for Players' Shows to Begin Friday

sale of season tickets for their summer playbill climbed to a record high, John E. Dietrich, business manager; announced Saturday that exchange of season tickets for reserved seat tickets will begin Friday.

Players patrons will be able to obtain seats for the whole season starting Friday and, if they wish, may have the same seat for each show. This follows the regular summer scason seating policy initiated

several years ago.

Exchange of tickets will be made at the Wisconsin Union theater boxoffice, which is open from 12 m. to 6 p. m. daily, except Sunday.

She's Not Just Adequate Playwright Kirkland had

nothing to do with this play aside from being the father of its leading player. He mar-ried Miss Carroll, a New York Irish lass from the musical comedy choruses, in 1924 while he was a struggling (they're always called that) young newspaper man.

They were divorced in 1931 and subsequently Kirkland married Jayne Shadduck, Julie Laird, and Haila Stoddard. He and Mrs. Stoddard, a prominent young actress, have been married for six years and have a child. Miss Carroll has been married twice, her second husband having been Bolton Mallory, at the time the editor of the old Life magazine. They have

been divorced for years. Kirkland, at 40, is a pretty mellow fellow these days. Hasn't socked a critic in years. Patricia will be justified completely in smacking down any of the tribe who dare to describe her as simply adequate or competent.
