Youth Delinquency Problem Treated On Lyric Screen

An entire generation is on the loose in the movie now showing at the Lyric theatre under the title "Where Are Your Children" starring Jackie Cooper and Gale Storm. Sordid details of the operation of socalled "juke joints" and the part that these pitfalls play in the demoralization of the youth of the country, are exposed in this revealing

Words cannot express the depth and warmth of so vital a message in the movie now at the Ohio theatre playing under the title "White Cliffs of Dover" It is a picture that long will be remembered as a tribute to every sweetheart. mother, and father with a loved one in the service.

Interspersed with lusty harracks' horseplay and ending with the emotion-shattering last stand of Bataan, "Eve of St. Mark" adds up to the most human war drama to date. See this great movie at the Quilna theatre where it is cofeatured with "The Whistler."

Facing danger which cannot be seen, are the Marine raiders, and now you can see them attack in the movie "Marine Raiders" now playing at the Sigma theatre.

Trouble with one blonde is bad enough, but to tangle with two of them is like playing with dynamite. See Mickey Rooney in this side-splitting movie now playing at the State theatre under the title "Andy Hardy's Blonde Trouble."
