Mandolin Takes Its Place When we speak of a lute, let us be sure that we do not mix it with of the Crusades. i flute!

strings.

centuries ago. 🕠 plucked with the fingers. The history of the lute goes

hack to the Orient. It seems to most likely shall not find one. We have been invented in India or can, however, almost certainly lo-Persia. Thirteen centuries ago, cate a mandolin, an instrument the Arabs played lutes, probably which is very close to being a lute. The Crusaders failed to win a

lasting hold on the Holy Land, but

they brought back new customs and bits of knowledge from their travels. The lute was not known

in western Europe until the time flute!

The flute is a wind instrument, lutes being played in England be-

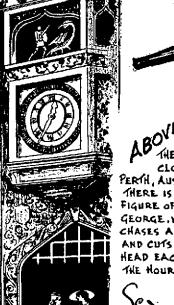

while the lute is played with fore the year 1400. Quite a number of lutes were bought during There are only a few lutes in the fifteenth and sixteenth centhe world today, and it is hard turies by English kings and to find a person who knows how dueens. After 1700, however, the to play one of them. Yet this instrument was very popular a few court and elsewhere.

Another old musical instrument A lute has a hollow, pear-is the "vina." It is long and nar-shaped body, and there are strings row, and has only a few strings. over one or more holes in its up- It is used today in India, but that per surface. The strings are country seems to be the only one where it is popular.

> The head of a lute is bent backward rather sharply, but the head and neck of a mandolin carry the strings almost straight to the top.

There are two kinds of mandolins, both of which were first made and used in Italy. One of made and used in Italy. One of shell, bone or ivory. The pick is these, the Naples mandolin, has held in the right hand while the eight strings, arranged in four mandolin is played. pairs. The other kind, the Milan mandolin, has one or two extra section of your scrapbook.) pairs of strings.
