Showboat Days Brought Back In "Dixie Jamboree"

Depicting the old showboat days is the movie "Dixie Jamboree" which makes its debut Wednesday at the Sigma theatre. No one has forgotten or ever will forget the days when the old showboat steamed up and down the Mississippi, thrilling people with song, laughter, and news of other people.

Out of the vitality and striving that is America was fashioned "An

American Romance," the story of the spiritual and mental growth of America which will be premiered at the Ohio theatre Friday. It is the story of the giant industries that have made America great in peace and in war; it is the story of the men who have those industries. It is the story of man's aspirations-from earth to sky.

Exhilirating in itself is the story which has been woven into a tremendous screen success. Yes, "Three Little Sisters" which is now playing at the Quilna theatre presents one of the most pleasing dramas ever to be placed on cellu-

Erich von Stroheim's priority on "The Man You Love to Hate" dates as far back as 1914, when he began playing his obnoxious characterizations in films. Today, in the new psłychological mystery "The Lady and the Monster," he reaches the height of his sordid villainy. The picture, which was based on Curt Siodmak's best selling novel, 'Donovan's Brain" and which deals with a mad scientist's demoniacal scheme to keep alive a human brain, opens Thursday at the

Pretty, dark-haired Miss Evans, whose singing voice was known to thousands of radio listeners before she made her motion picture debut, attributes her taste for Westerns to the fact that she was born in Texas. She has never quite lost the Texan drawl, and she will never lose her love for the wide open spaces, for plains and horses, for Stetsons and the casual, easy atmosphere of the West.
