

New Mystery Series Goes On Airlines Sunday Night

Rib tickling humor and spine chilling thrills will set the pace for listening enjoyment when "Hollywood Mystery Theatre" bows in on Sunday at 8:15 p. m. over Station WJZ. Set in the land of beautiful movie stars, wacky goings-on and sport clothes louder and more brilliant than any tropical sunset, the program features the adventures of a movie producer and his fast-talking Girl Friday. Both have a penchant for solving crimes of violence which have a habit of occurring during the daily grind of picture making.

Fear that his daughter, Babe, has planned to elope with a soldier leads Riley, played by William Bendis, into a riotous set of circumstances on "The Life of Riley" comedy, heard Sunday, at 9 p. m. over Station WJZ.

Shirley Temple takes time off from her busy film schedule to answer Phil Baker's \$64 question, when she appears as guest star on the comedian's quiz, "Take It or Leave It," Sunday, at 9 p. m. over Station WABC. Along with other contestants, she will choose her category and take her chances, with \$64 as the reward for a sufficiently large supply of knowledge. Ray Bloch conducts the program's music.

Charlotte Greenwood, fresh from her triumph as a star of the summer series replacing Bob Hope, brings her sparkling radio revue to Station WJZ for a weekly series starting Sunday at 2 p. m.

ROOSEVELT AIDE TO SPEAK HERE

Eugene V. Casey Will Address Democrat Rally

Eugene V. Casey, executive assistant to President Franklin D. Roosevelt, will be one of the principal speakers during a Democratic district rally at 8:15 p. m. Wednesday in Memorial hall, it was announced Saturday by Harry Meredith, chairman of the Allen-co Democratic-Executive committee which is sponsoring the event.

The other principal speaker will be Frank J. Lausche, mayor of Cleveland and party candidate for governor of Ohio.

National issues in the campaign for the Nov. 7 general election will be discussed by Casey and Lausche who will speak on the state issue involved in the campaign.

This will be the last appearance of Mayor Lausche in Allen-co during the campaign, Meredith stated. Mrs. Lausche will accompany him to Lima. The candidate's party will arrive in the city about 6:30 p. m.

The party will remain in Lima overnight and Democratic women of Allen-co will hold a reception at the Barr Hotel for Mrs. Lausche following the rally.

B. F. FAIRLESS, STEEL LEADER, TAKES BRIDE

HUNTINGTON, W. Va., Oct. 14 (AP)—Mrs. Hazel Hatfield Sprout and Benjamin F. Fairless, president of the United States Steel Corp., were married at noon today in a simple ceremony at the home of the bride's parents, Dr. and Mrs. Henry D. Hatfield.

The double ring ceremony was performed by Rev. Hugh Thompson Kerr, pastor of the Shady Side Presbyterian church, Pittsburgh, in the presence of the immediate family and a small group of friends.

The bride's father, Dr. Hatfield, is a former governor of West Virginia and former U. S. Senator. She is the former wife of John Roach Sprout of Philadelphia, from whom she was divorced about a year ago.

Fairless, 54, is a native of Pigeon Run, O. He graduated from Ohio Northern university in 1912. Formerly president of Carnegie-Illinois Steel Corp., he became president of U. S. Steel Jan. 1, 1938. He holds office or directorships in a number of subsidiary firms.

ELEANOR AIDS PAC CAMPAIGN

WASHINGTON, Oct. 14 (INS)—The Washington Newspaper Guild (CIO) announced today that its most illustrious member, Mrs. Franklin D. Roosevelt, had contributed \$25 to the National Citizens' Political Action Committee thru the local union.

The first lady, who has been a Guild member in good standing since the inception of her daily column in 1932, authorized local Guild officers to make her action public. The President's wife told her news conference on Oct. 3 that "if asked" she would make her contribution to the PAC.

GI Animals Hit The Axis

AP Newdeatures
EVEN the animal kingdom has been put to work against the Axis. Here are a few species which have been christened by GIs.

BLACK CAT Catalina Flying Boat
DUCK DUKW-3537 (Amphibious Truck)
WATER BUFFALO LVT-2 (Landing Vehicle, Tracked)
BEAVER LCM-3 (Landing Craft, Mechanized)

Homing Pigeons Trained Like GI's, Even Go AWOL

MIAMI, Fla., Oct. 14 (UP)—Dusty, the homing pigeon at the Army Air Transport Command's 36th St. base here, is no longer a "zoo's specialty" — squab on toast—but rather a feathered soldier in the United States Army.

Dusty is an army messenger who hauls out at 35,000 feet to fly thru flak and natural phenomena over hundreds of miles of which may depend the lives of his crewmates.

The pigeon is represented in all branches of the armed services. Combat units carry their pigeons along—they are parachuted down to men in isolated areas—to substitute for walkie-talkie radios when dense jungles make the short range radio ineffective.

The pigeons' chief role is to substitute for other forms of communication. Birds Dropped in Bags When the Army Air Forces decided to adapt the bird for use in aircraft, they ran into some difficulty. Releasing the pigeons from ground cages to pick their own altitude for flying, was one thing; tossing them out into the slipstream of a four-motored bomber roaring along at 300 miles an hour at altitudes up to 35,000 feet, where sub-zero temperatures will freeze a man's hands or face and where an oxygen mask must be worn was something else. The blast from the propellers threatened to shear their wings off.

The Army solved the problem by placing the bird in a paper bag, slit down one side, before dropping him out. The second it takes him to fight free is enough to sweep him clear of plane and propeller wash.

Flight surgeons were puzzled over the pigeon's complete immunity to freezing temperatures and lack of oxygen. During flight the pigeon is oblivious to altitude while the crewmen work in oxygen masks. The mystery was for a time second only to the question, How does a pigeon pick a straight course home from a distance of several hundred miles?

Oxygen Intake Low The answer, however, was soon found by flight surgeons. They discovered that the pigeon's basal metabolic rate was so low that even the oxygen present at 35,000 or 40,000 feet is sufficient to keep the bird alive. His oxygen intake is low and he is able to withstand the cold because of a slightly higher body heat, the medics explained. In addition his body insulation can be doubled by fluffing out his feather to catch warm particles of air.

The Air Transport Command's 36th St. base began using pigeons five months ago. It now has 1,800 birds at stations thruout the Caribbean and South American bases. Tactical ships leaving the Miami base and combat planes ferried to overseas theatres carry a crate of four pigeons—two to fly home to the Miami base and two who will fly to the next base on the route.

If the plane lands at sea, all birds are set free with messages, which gives the location, time, identity of ship and any other information which might be necessary.

Get Basic Training The pigeons are put thru a regular "basic training" at ATC's headquarters at 36th St. Homestead and Morrison Field, Fla., under the direction of Lt. John Regan, a former Boston College football star.

He said "as soon as they are able to fly, we start them out just like we would a bunch of G.I.s—short trips at the beginning and longer trips toward the end. They start at six weeks, and at 12 weeks we've had them flying 300 miles over water—with nothing to rest on during the trip."

"Pigeons will go AWOL just like G.I.s," he explained. "We bring them in here from southern states to their port of embarkation and with their movable homes, they're relocated overseas. But just let them get loose here, and they're gone. We've had them go AWOL back to North Carolina, Mississippi and other places."

Pigeons sometimes break loose from their cote. One recently flew from St. Lucia Island in the lower Caribbean, and turned up five days later at Morrison Field—a flight of 1,750 miles.

An experienced pigeon can fly from 12 to 15 hours steadily but he won't fly during a heavy rain

Support Asked For World's Largest Navy

WASHINGTON, Oct. 14 (AP)—Navy Secretary Forrestal called today for support of the world's largest Navy "beyond the end of the war."

He issued a statement on Navy Day, to be observed Oct. 27, which said: "The 12 months since we last celebrated Navy Day have been significant in the history of sea power. American forces, with the Navy in the vanguard, have swept across six heavily fortified island groups in the Pacific. In Northern and Southern Europe our naval forces, collaborating with those of our Allies, successfully put ashore the largest amphibious invasion forces in history. In the Atlantic, the prediction of Telleran that no power on earth could prevent our destroying the German U-boats was fulfilled.

"Thus naval strength has enabled us to conduct war on a world-wide scale. "Now our naval forces face the new and more difficult task of cracking the Japanese defenses in the Western Pacific. To succeed they need the undeviating support of the American people.

"For the safety of the nation, this support must continue beyond the end of the war. Let us remember on Navy Day, 1941, an old saying whose wisdom becomes more evident each day: 'The trident of Neptune is the scepter of the world.'"

FORMER DANCER HELD SUICIDE

CHICAGO, Oct. 14 (AP)—A coroner's jury returned a verdict of suicide while dependent today in the death of Mrs. Audrey McLaughlin Hoake, 37, after several witnesses testified that the former dancer and model, found shot fatally in the Lake Shore Park recreation house Aug. 14, frequently had threatened to kill herself.

The verdict absolved Park Policeman Edward Nies, 49, charged with murder, who testified previously he let Mrs. Hoake into the washroom because she complained, she was ill. He added he had gone to the men's washroom at the same time, leaving his jacket, hat, revolver and cartridge belt on a bench. She was found shot fatally with his revolver beside her.

Nies, however, still must face a hearing Monday in felony court on the murder charge.

The American Legion national charter was granted by Congress in 1919.

Postmaster Earl R. Leach received notification from the Post-office department that since many smaller towns did not have their offices open on Sunday, the date for mailing packages overseas would be extended one day.

Postal officials have said that this year's mailing to servicemen overseas will exceed any previous amount of mail ever sent out of the United States.

The convoy system was not instituted in World War I until April, 1916.

CHIEF WARNS OF DANGER IN LEAF BONFIRE

With the fall leaf-raking season at hand, Fire Chief Harry L. Taftinger issued a warning Saturday to all home owners to be careful when burning leaves and rubbish. Many disastrous fires have been started by such bonfires.

"Never start a bonfire or grass fire on a windy day, said Taftinger. When burning leaves, use only a clear space free from grass and underbrush and at least 50 feet away from all buildings. Wear clothes which will not ignite easily.

Small children should, of course, be kept away from the fire and precautions should be taken to assure control of the flames. Have sufficient help, water and shovels on hand. Provide for emergencies in advance.

When the blaze has died down, make it a rule to extinguish every ember before leaving the fire and apply water if possible, Taftinger said.

JAMES WEADOCK NAMED TO STATE POST-WAR GROUP

James J. Weadock, Lima attorney, Saturday was appointed to a subcommittee of the Ohio Post-War Program Commission to advise and formulate a library program for Ohio.

The appointment was made by Paul M. Herbert, chairman of the commission. The first meeting of the subcommittee has been called for Tuesday, Oct. 24, in the Deshler-Wallick hotel at Columbus. A luncheon will be held at 12:15 p. m.

Walter Brahm, state librarian, has been named chairman of the subcommittee on which Weadock will serve.

In appointing Weadock, Herbert said "In the consideration of post-war planning, the general emphasis is on material projects, but it occurs to me that it is of almost equal importance that we plan for the spiritual and intellectual development of the citizens of our state in the period following the war."

Approximately 90 per cent of all persons enrolled in school in the United States go to public educational institutions.

HIDE-SEEK GAME WITH LEAVES IS DANGEROUS

Numerous complaints have been received at police headquarters about children covering themselves with leaves in the streets. Police Chief Kermit L. Weathay reported Saturday.

He advised parents to warn their children against the dangerous practice because an approaching motorist is apt to either strike the child or swerve into another car in an attempt to avoid them.

Some scholars believe less than 20 per cent of American Negroes are of pure African descent.

Platter Chatter

By MARY PORTER
Here are a couple of suggestions for your CLASSICAL FANS. The record for the week, THE LORD'S PRAYER and THE LOST CHORD sung by Nelson Eddy. The album that should be on your "must have list," is the RACHMANINOFF CONCERTO NO. 4 IN G MINOR, RACHMANINOFF as pianist with Ormandy and the Philadelphia Orchestra.

Here's to the JAZZ department — FATTY CAKE MAN, INVITATION TO THE BLUES — Ella Mae Mares — OCTAHOON — ALL I REMEMBER IS YOU — Artie Shaw, WIZZIN'! THE WIZZ DENISON SWING — Lionel Hampton, RING DEM BELLS — MUSKRAT RAMBLE — Lionel Hampton, WHO'LL TAKE MY PLACE — ABDULLAH — Fats Waller, CONCERTO FOR CLARINET — 12 in. — Artie Shaw, FOR YOU SWING LOW SWEET CHARIOT — 12 in. — Tommy Dorsey, DURATION BLUES — SAM'S GOT HIM — Johnny Mercer, LONG TIME NO SEE, BABY — HERE WE GO AGAIN — Glenn Miller.

Now for some sweet tunes, don't forget, DON'T TAKE YOUR LOVE FROM ME — IT'S FUNNY TO EVERYONE BUT ME — A DIFFERENCE A DAY MADE — AND SO I DREAM — Corinna Mura, UNTIL TOMORROW — SIDEWALK SERENADE — Sammy Kaye, I LOVE YOU TRULY — JUST A WEARYIN' FOR YOU — Wayne King and LET ME LOVE YOU TO-NIGHT — WHO DAT UP THERE? — Woody Herman. These are just a few of the records we have, so drop in and let us show you what we have! If you're in the mood for BOOGIE WOOGIE come in and take a listen to PINE TOP SMITH'S BOOGIE WOOGIE PIANO. It's a collection of Rare Recordings by the Originator of BOOGIE WOOGIE.

IF YOU WANT ANY OF THE ABOVE RECORDS PUT BACK — JUST CALL 4-7801! REMEMBER, IT'S PORTER'S MUSIC STORE FOR ALL YOUR RECORDS.
