There are still a few people left in the United States, yes, in Lima, too, who do not seem to realize the importance of the "Tunisian Victory." It will appear on the screen of the State theatre Thursday to show the population of this fair city what the "Tunisian Victory" meant, not only to the men fighting over there, but also to the people who lived in Tunisia.

Never before in the history of movie-making has such a picture been made. "An American Romance" has reached out to more people during its 132-city premiere than has any other picture known. To learn what these magnetic powers are, see " An American Romance" now playing at the Ohio theatre.

Jungles have thrilled and scared many people but some of the religious rituals thru which some of the natives of the jungles go have a more hair-raising effect than any other think known. Don't miss "Dangerous Journey" at the Quilna theatre where it is playing with "Sweet and Low Down."

More lovable than any young, screen star since Shirley Temple is Sharyn Moffett, in "My Pal Wolfe," A pulsing human interest story of a lonely child and a dog. It can be seen now at the Sigma theatre.

Filled with excitement and brimming with thrills, "Tucson Raiders" comes to the screen of the Lyric theatre Thursday.
