

# LOCAL THEATRES MISS BET WITH ST. PATRICK THEME

## IRISH TINGE IS LEFT OUT IN WEEK-END THEATRE BILLINGS

"Oh, Paddy dear, and did you hear, the news that's goin' 'round" — a familiar song to many, especially the Irish. Its echo will resound throughout all Lima Saturday for 'tis St. Patrick's Day, altho the films which will appear on screens of local show houses bear little or no resemblance to being Irish in nature.

One of the most costly pictures produced by any studio in Hollywood is the picture "Roughly Speaking" currently showing at the Ohio theatre and starring Rosalind Russell and Jack Carson with a strong supporting cast. The story was filmed of 70 different sets and Miss Russell established a wardrobe record for herself, not often exceeded by other stars, thru the use of 87 costumes.

Popular request always has played a great part in the film reviewer's life and again it comes to the front. The picture "A Tree Grows in Brooklyn" which for the past week has been showing at the Quilna theatre has been held over for a few days more.

A man's murderous but unfounded jealousy, his wife's terror and the helpless entanglements of a stranger who finds himself in love with the wife, motivates "Experiment Perilous," currently opening at the Sigma theatre. The plot starts moving when Dr. Bailey, played by George Brent, seeks to discover the cause of the sudden death of Allida Bederaux (Hedy Lamarr) sister-in-law. Sharing the billing will be "The Great Mike."

All of you have heard of the raid which shook the whole island of Nippon and started the Japs to wondering whether or not the Americans were as week-kneed as they had been told they were. "Thirty Seconds Over Tokyo," the heroic story of that great raid, starting Sunday at the State. It stars Spencer Tracy, Van Johnson, Robert Walker and Phyllis Thaxter.

The ingenious plan of a gang leader to dispose of his enemy, a brilliant young attorney who has been causing him a great deal of trouble, is behind all the action in "Night of Adventure" opening Sunday at the Lyric theatre. Tom Conway, of "Falcon" fame, plays the leading role with Audrey Long in the chief romantic role.

## Dramatize Need For Nurses In "Women At War" Program

The urgent need for nurses and WAC technicians in Army hospitals will be dramatized in the episode, "Women at War" on the "Doctors Look Ahead" program, Saturday, over WEAJ at 3 p. m., Lima Time.

The Air Forces will pay tribute to the American Red Cross over NBC from 1 to 1:30 p. m.

They were happily married, and then he left for the Army. She had to get a job to support herself while he was overseas, and now that he's back, she is reluctant to give up the independence she learned to enjoy in his absence. That problem, repeated many times over in real life, will be dramatized on the Army Service Forces "Assignment Home," over Station WABC Saturday at 3:30 p. m. Just what ASF is doing to help returning veterans solve that problem will be demonstrated in the story, which is written by Sgt. Arthur Laurents and directed by Major Ed Byron.

**KLAMATH FALLS, Ore.**—(INS)—Fuel wood is being shipped to Klamath Falls for the first time in the history of the big lumbering town. In an effort to avoid a fuel shortage, some 2,500 cords of wood were sent in from nearby towns under arrangements made by government agencies.

A "blue moon" is only a natural phenomenon. It is caused by the refraction of moonlight thru ice crystals high in the atmosphere.

**TROUBLE IN TRIPPLICATE**—Louis Borell (center) is in the unenviable spot of having to explain the presence of his ex-model to his present fiancée. ## Your GI Rights

By DOUGLAS LARSEN  
**WASHINGTON, Mar. 17**—Questions regarding continuation of National Service Life Insurance are among the most oft-asked by veterans. Here are a few typical ones:

**Q.** How long after a premium is due do I have before my insurance is cancelled?  
**A.** Premiums are due and payable monthly in advance with a grace period of 31 days from the due date.  
**Q.** Can I pay premiums once a year?  
**A.** It can be arranged to pay premiums quarterly, semi-annually, or annually. If you pay premiums other than monthly, a saving in discount of three per cent per year is allowed on the monthly premiums paid in advance.  
**Q.** How about reducing the size of my policy?  
**A.** You can reduce the size of your policy but the amount continued must be in multiples of \$500 and not less than \$1000.  
**Q.** If I want to convert my policy into some other form will I have to take a medical examination?  
**A.** No. Any time before the end of the five-year period you can convert your policy, without medical examination, into Ordinary Life, 20-Payment Life or 30-Payment Life insurance.  
**Q.** Can I get my policy reinstated if it has lapsed because I have failed to keep up payments?  
**A.** It can be reinstated any time upon written application with payment of all premiums in arrears, with interest from their several due dates at the rate of 5 per cent per year, compounded

annually. You must also pay up any indebtedness against the policy. Of course, application for reinstatement must be made before end of the five-year term period.

## Rockets Cause Heavy Losses

**LONDON, Mar. 17**—(UP)—Censorship permitted the first disclosure today that hundreds of Londoners have been killed or wounded by German V-2 stratosphere rockets.

It has been permitted only to say that V-2 bombs fell in Southern England. But today it was permissible to disclose that the rockets have been landing in the London area and causing casualties.

How many rockets have fallen in the metropolitan area and the specific places they have hit remain a closely-guarded secret.

V-2 casualty figures here since the first rockets crashed to earth from heights up to 70 miles were not revealed, but censorship permitted the use of the word "hundreds" in describing them.

## JAPS PUT ON "SQUEEZE" IN SCRAP METAL DRIVE

**SAN FRANCISCO, Mar. 17**—(UP)—The new Japanese metal salvage drive is taking the "amusement" out of amusement parks in Hankow, the Chungking radio reported recently.

Desperately in need of metal, the Japanese stop visitors leaving the parks and suggest that they "contribute" whatever copper coins they may be carrying.

Visitors who fail to contribute coins contribute identification cards instead. The cards may be redeemed later with copper coins.

Considerably different from the opportunity we have on the home front where we can volunteer and select the job we want . . . work under pleasant conditions at good pay and enjoy the comforts of home.

We need men urgently to help increase production of war material badly needed at this time and the demand for which will continue to increase for months and months to come. Roll up your sleeves and get into the fight . . . take your place on the production line.
