PASQUEFLOWER Ing, of Jesus.

Since those times, the name of passionflower has been given to a whole group of flowering plants. There are nearly 300 kinds of passionflowers. Most of them are climbing plants, but several support their own weight and are classed as shrubs or trees.

Fruit appears on passionflower best with water lemons. The rind of a whole group of flowering plants. There are nearly 300 kinds of passioflowers. Most of them are climbing plants, but several support their own weight and are classed as shrubs or trees.

Fruit appears on passionflower plants. This fruit is not always fit to eat, but in some cases it tastes yery good. Passionflower trees, known as "granadillas," grow in tropical America, and their fruit and wood are valuable.

One granadilla tree in the West Indies provides fruits known as "water lemons." The rind of a with white. A water lemon is about the size of a hen's egg. Inside the rind is a watery pulp which serves as a drink. Travelers in the West Indies have quenched their thirs with water lemons.

Besides those granadilla tree in the water lemons.

Besides those granadilla tree in the water lemons and the rind is a watery pulp which serves as a drink. Travelers in the West Indies have quenched their thirs with water lemons.

Besides the rind is a watery pulp which serves as a drink. Travelers in the West Indies have quenched their thirs with water lemons.

Besides the rind is a watery pulp which serves as a drink. Travelers in the West Indies have quenched their thirs with water lemons.

Besides those granadilla tree in the west lemons.

Some kinds of passionflower as "water lemons is about the size of a hen's egg. Inside the rind is a watery pulp which serves as a drink. Travelers in the West Indies have quenched their thirs with water lemons.

Besides those granadilla tree in the west l Another granadilla tree in the

Indies bears fruit of nearly the grow on our own continent. Beshape of an apple. This fruit is sides those found in Mexico, there about two inches wide. Inside its are 10 kinds which are natives of hard cover is a yellow, jellylike the United States. These grow which grows in the United States fruit which can be eaten, but most pulp with pleasant flavor.

The persons do not like the taste.

10 ory of Christ-on-the-Cross. The corona was supposed to be like the crown of thorns, and other parts of the flower were compared to the nails in the cross.

That is how the passionflower got its name it reminded records. 10:00 WENR WIBU
