SAYS:  
Well this weather don't prove nothing. In mid-west you never get good spring weather until May.

No matter how good you are on figures and brains, you get darn close to seven months of winter.

The treatment of U. S. prisoners in German camps is terrible. It is just being found out as our forces get into Germany and see it all. They used our boys like beasts, in fact worse.

That is awful, Gen. Eisenhower is killing U. S. officials from Washington at once to see what the Germans did to our men in service in prison camps.

When all told it will shock the world.

They are looking into the meat shortage. It's about time. Something seems screwy about this all.

Seven out of every ten men I meet want to buy a tavern or a restaurant. There are a few who can buy lay on the line they will. They made enough in the last four years to go to Florida in the winter then hop over to Honolulu for another sixty days.

I am glad that I don't smoke after seeing these people go buggy standing in line to get a package of cigarettes. They are injuring each other getting in the line.

I was talking to some women the other day they were comparing prices now one woman said she paid \$1.69 for a broom and the price she paid for a dust pan was awful. They said if that ain't inflation they never heard of it.

They listed a lot of items for sale at prices and what they bought them same things for four years ago.

If people listen to me they will get places I have been telling you for three years it is a millionaire's war what the devil else is it?

When this war is over you try and get into Florida, Honolulu, Cuba, and Mexico, there will be so many ahead of you down there by the time you get up to the hotel clerk you'll have a beard down to your knees.

I would like to have seen Richard Center High School and the Mauston High School boxing matches last night. Mauston High School beat Portage High School so they must be class of the State.

Ole Olson the coach up there wanted me to come up but I couldn't make it. It was too far by car on the tires I got it in.

But we are going to come up and fish with Ole Olson this summer he talks the best fishing of any guy I have seen yet.

That Kaukauna High School had some nice fights they had a kid named Bill Weber who weighed 100 pounds. He is the best left handed puncher I have ever seen in high school.

And Wisconsin better get these two guys from Kaukauna Duane Buertzi 125 pounder what a puncher and clever too. They got another good boy there in Dale Mitchler he can hit like the devil plenty fancy.

The Wisconsin boxing authorities ought to get in touch with F. Barrebeau the coach at Kaukauna he has got some good boys. I wonder what their record is for the season? It must be a dandy.

Little John Townsend of Portage 116 pounder he boxed in an exhibition bout there this kid is a good he is a good puncher and clever.

The other night I went over to the Franklin School the Parent Teachers had a banquet it was a Father and Sons Banquet this is good stuff to have they must have had 300 there. They had a fine supper for the kids.

They had the West Side basketball team there.

Russ Rippe was the guest speaker I want to hear him
