

"Dark Waters" Will Open Thursday On State Screen

If you were ever near a bayou, no doubt you would have noticed that everything was so still and quiet you could almost hear it. If you haven't then you'll want to see "Dark Waters" opening Thursday at the State theatre.

In this you will find suspense and fear which surpasses your most horrible nightmare. It is the story of a girl who is almost driven to insanity by a money hungry fiend.

Admirers of Johnny Coy's dancing, as he did it in New York night clubs for three years, are going to get a shock just short of disbelief when they see him do his first film routine. Coy has changed his style completely for "Bring on the Girls," now showing at the Ohio theatre in which he makes his debut with Veronica Lake, Eddie Bracken, Sonny Tufts and Marjorie Keynolds.

The old saying that a piece of clothing looks good enough to eat has now been taken literally. Wait 'till you see the hats in "Billy Rose's Diamond Horseshoe"—men, you haven't seen a thing until you feast your eyes on these masterpieces. To tell you what the hats are like would spoil your fun—you'll want to see the picture.

The poor fellows who keep going around wondering what Van Johnson has that they wish they had find themselves in pretty much of a predicament. The girls are sold on this Johnson fellow and there isn't much to be done. Here's a good idea for you fellows, take the girl friend to see "Between Two Women" at the Sigma theatre and see what this guy does to make the girls like him.

Wild Bill Elliott takes over in the picture "The Great Stagecoach Robbery" which will open Thursday at the Lyric theatre. If it's adventure you want you'll find it in abundance in this film.

TOMATOS REPLANTED THIRD TIME THIS YEAR
DELPHOS, May 16 — Some farmers here have started replanting tomato plants for the third time because of the heavy frosts experienced this month. The heavy rains also have delayed planting in many districts of the area. One packing company operating in this district furnishes replants free where the frost caught the tomatoes before May 12. Much labor is required in planting for commercial sale.
