# **Bob Ryser Pitches** No-Hit, No-Run Tilt in Softball Loop

Bob Ryser, East high athlete, pitched the second no-hit, no-run game of the municipal softball season Tuesday night when his Wisconsin - Felton - Karstens teammates blanked the Madison AZA, 15-0, in a Classic League game. Two weeks ago, Joe Clementi of the West Side Busi-nessmen, who also compete in the Classic wheel, was credited with a no-hitter over the same AZA outfit.

Ryser struck out six batters and walked five others. McCormick led the hitters with a triple,

single, and home run. One other Classic League game was played, the Yahara Club out-scoring the St. James CYO, 4-1. Each team had four hits but the 's had the benefit straight errors in the sixth inning when they scored four runs. The Blessed Sacrament-West Side Businessmen game was

poned, because of wet gorunds. An extra-inning game enlivened the Fraternal League. The Shrine Club shaded the previous-ly unbeaten Madison Turners, 3-2, in 11 innings. The two teams were knotted, 1-1, at the end of the regulation seven-innings and each scored a run in the eighth. The winning run was scored after two were out on hits by Rasmussen, Tetzlaff, and Hurd.

Hurd.

The only other game played in the Fraternal loop found Ole's Clothes Shop a 10-9 winner over Community Laundry.

The Dundelle Knights of Co-

The Rundell's-Knights of Co-lumbus and West Side Businessmen's Association-Eagle Giants games were postponed because of

LAKE

The state flower of Arizona is a cactus. This may seem strange to persons who think of the cac-

beautiful ones. For the most part, these flowers are yellow or rose, but there are other colors as well. Some are deep red, and others are pink or orange. There are more than 1,200 kinds of cacti, so we should not expect them all to have the same kind of flower. The flowering time usually is very short in this plant family. on the care and feeding of infants. Sometimes it lasts for only a Many soldiers who have recently single night, or for even less than

night when people are not around to see them?" The answer is that plants do not

Although some cacti are night-flowering, others bloom in the daytime. No matter when they

watched in a greenhouse, bloomed shortly after 8 o'clock in the eve-

minutes, the buds—less than an inch thick—opened into flowers four inches wide. Scores of yel-low and white petals appeared on each blossom, and an odor as of vanilla spread all through the greenhouse. The time of blooming of those cactus flowers was only a little more than three hours. Before midnight, they faded and lost their beauty. The strong perfume of their odor also ed away.

Those flowers grew on the "Cereus grandiflorus." Sometimes this cactus blooms a little longer, but the flowers do not open until after sunset and are withered

away by morning.
"What good does it do," we may
ask, "for a plant to bloom only at

come to flower to please people Usually their blooms attract insects which spread pollen. Bees are most famed for this work, but some other insects also perform the service. Moths, which fly at night, help some cacti by spreading pollen.

appear, bright flowers in the midst of the spines of cactus plants are interesting sights. (For NATURE section of your
