

Hilarious Movie, 'Without Love,' Opens At Ohio Friday

You can do without many things—and these days you have to—but you can do "Without Love?" That is the theme—and a hilarious one it is—of the new attraction, "Without Love," opening Friday at the Ohio theatre. Just take a scientist-inventor who much prefers to read a good book than to talk to any woman—and a beautiful girl who wants no more love in her life; add a new high-altitude oxygen mask for fliers which the inventor has been assigned to perfect by the government—and you have it.

In addition to the youthful star-studded cast of "Let's Go Steady" currently showing at the Quilna theatre, the film is filled with six strictly-in-the-groove jive tunes. To put the melodies on the beam, Skinny Ennis, well-known radio orchestra leader, and his band will start things moving.

Treachery, counter-espionage and romance form the triple theme of "Betrayal From The East" which is playing at the Sigma theatre. It stars Nancy Kelly, who, as a girl agent of Army Intelligence, is assigned to work with Lee Tracy in his dangerous task with the Japanese saboteurs.

When a picture has as its theme the Alaskan gold country, you can "bank" on the fact that it will show the gaudiness of that day. Undoubtedly you will note this fact in "Belle Of The Yukon," now playing at the State theatre and starring Randolph Scott and Gypsy Rose Lee.

Woman To Face Jury In Slaying

PARKERSBURG, W. Va., May 31.—(AP)—Mrs. June Lazar, 38, was held for action of the October grand jury at completion of a hearing yesterday on charges of killing City Fireman Roy Epperson at the Ohio-av home both occupied.

DISNEY'S LATEST—Donald Duck, Joe Carioca and Panchito strut their stuff in this scene from "The Three Caballeros," Walt Disney's technicolor triumph with Aurora Miranda opening Saturday at the Sigma theatre.

Russia, U. S. In Post-War Period Is Town Hall Topic

"America's Town Meeting," the forum series which presents authorities for both sides on controversial questions of national and international importance, marks its 10th anniversary with a debate on the question, "America and Russia—Post-war Rivals or Allies?" in the broadcast at 8:30 p. m. Thursday over Station WJZ. Taking the position that the emergence of Russia as a leading world power will make that nation a rival of the United States will be William Henry Chamberlin, author of the book "Collectivism—A False Utopia," and for 12 years Russian correspondent for the Christian Science Monitor; and Norman Thomas, chairman of the Post-war World Council and standard-bearer of the Socialist party. Taking the viewpoint that Russia and the United States will be post-war allies will be Raymond Moley, former Assistant Secretary of State, author, radio commentator and columnist for Newsweek Magazine; and Raymond Swing, veteran radio news analyst.

Hollywood star Ronald Colman stars in W. F. Harvey's unusual thriller, "Summer Heat," the story of an artist who has his death foretold, on "Suspense," at 8 p. m. Thursday over Station WABU. During an intense heat wave, an English artist sees the vision of a courtroom where a convicted criminal is awaiting sentence. The artist is inspired to paint the man's portrait, but the vision fades before the picture is finished.
