

Veteran's Romance Unfolds In "The Enchanted Cottage"

With Dorothy McGuire and Robert Young teamed again and sharing stellar honors with Herbert Marshall, "The Enchanted Cottage" presents an unusually touching romance of a wounded war veteran and a sensitive, desolate country girl as its thematic basis.

The film, coming to the Ohio theatre Friday, tells of the magic that only love can accomplish and of how two people can look at each other for a long time, only to let a blind person tell them what they really see.

That "the wages of sin is death" is convincingly shown in "Dillinger" the new film opening Friday at the Quilna theatre and starting a new season for Lawrence Tierney and story begins with Dillinger's first crime and impulsive moment and goes on to tell of his various escapades.

Fun is a billion times on the heart of a girl who is not to be as that concerned. So if you can you see it all in the film at the Sigma theatre where "The My Lawyer" is now showing.

In the days when a girl is seen to be a girl it is not hard to conceive why the picture industry should be so out to this as a theme for a picture. So was the case of the film "The Climax" now at the State theatre. Here is a mystery that will completely satiate the want of the would-be sleuths.

There is no man in the country who can say that he didn't feel when it became a mechanized force. Maybe that's a little strong but just the same it was pretty hard for the man to get used to the idea. In the movie "Thoroughbred" the effect of the mechanization of the cavalry on a man is shown. The film is now at the Lyric theatre.

Theatre Guide

- OHIO - With "Love" with Katharine Hepburn and Spencer Tracy.

SIGMA - "The My Lawyer" - Oscar Brown Jr.
STATE - "The Climax" - William Powell.
LYRIC - "Thoroughbred" - John Garfield.
DRIVE-IN - "The Heart" - William Powell.

RAINBOW-COLORED CHICKS BRING DEALER TO COURT

CHICAGO, June 7 (UP)—New color entered into a Chicago court case.

It centered about the two fluffy pink and green fugitives from a chicken yard owned by Sam Rubin.

Louis C. Krueger, investigator for the Anti-Cruelty society, reports that Rubin had approximately 100 rainbow-colored chicks for sale. Police arrested the poultry dealer after the report was made.

The court was testing a new city ordinance prohibiting the barter, gift, sale or display of dyed chicks.

DEFENDANT ENLIGHTENS JUDGE ON "O-M-U-I-O-L"

MINOT, N. D., June 7 (UP)—Judge A. J. Cronin puzzled for some time here over the word "O-M-U-I-O-L" in the crime record of W. B. Robinson, transient ex-convict charged with passing a bad check, before giving him a one-to-three-year penitentiary sentence.

When it became apparent that the judge wasn't making any headway, the defendant offered the clue himself.

"I think it's got something to do with driving a car," he said.

The word stood for "Operating a car while under the influence of liquor."

"Polish Plate" Manners O. K.

NEW YORK, June 7 (UP)—The National Association of Manufacturers recommended today that a wartime set of "polish the plate" table manners replace the habit of leaving something uneaten.

The NAM's medical consultant, Dr. Victor Heiser, listed five new rules of etiquette. They were:

- 1-Go ahead and take the last piece of bread.
2-Scoop up that last pea with a spoon.
3-Don't be ashamed to pick up the bones.
4-Yes—use bread as gravy-wiper.
5-Don't snoot the potato peels—they're nutritious.

POLICE STOP PLAN FOR GIVING POKER LESSONS

HOUSTON, Tex., June 7 (UP)—Kipling must have been in a poker game with a lady when he wrote that "the female of the species is more deadly than the male."

At any rate, Houston police think so. They raided a poker game and found 15 men playing against one

60-year-old woman. All the chips were in front of the woman.

Alexander Graham Bell, inventor of the telephone, was the son of a well known speech professor.

To save salt and pepper when filling the shakers pour the salt or pepper into an envelope, cut off one of the envelope corners and use as a funnel.

Price Ceilings In Post-War Period Is Town Hall Topic

Whether or not price controls should be retained during the period of reconversion which will follow victory will be the debate topic, as "America's Town Meeting" rolls into its 11th year of broadcasting, with the forum at 8:30 p. m. Thursday, over WJZ.

Leon Henderson, former director of the Office of Price Administration, now chairman of the board of directors of the Research Institute of America, will be one of two experts speaking for the affirmative on the question, "Should the Lid Be Kept on Prices During Postwar Reconversion?"

Two equally prominent authorities will argue against a continuation of price controls, maintaining that there is no danger of inflation caused by competitive bidding for commodities, when those commodities are being produced in sufficient quantity to meet demand.

George V. Denny, Jr., founder of "America's Town Meeting," is moderator. The aiming circle, a piece of fire control equipment which enables our artillery to attain great accuracy in blasting enemy positions, is the subject of "Weapons of Victory," the Army Service Forces drama series, in the broadcast over Station WABC at 5 p. m. Thursday.

A representative of a company which manufactures these precision instruments will be on hand to describe the making of the equipment. The drama will demonstrate the aiming circle's effectiveness in controlling artillery fire on Okinawa.

Songstress Connie Haines offers "Good Good Good," and Bob Matthews sings "I Don't Care Who Knows It" on the Abbott and Costello fun session at 10 p. m. Thursday, over Station WEAH. Bud Abbott and Lou Costello reap a harvest of zany fun for the occasion.

DRIVERS GAIN INCREASE

WASHINGTON, June 7 (UP)—The War Labor Board today had ordered wage increases of 5 cents hourly and one-quarter cent per mile for approximately 5,000 truck drivers employed by 65 companies operating in Kentucky and southern states. The pay increases are retroactive to last Nov. 16.

Sugar, transformed into industrial alcohol, is used extensively in the manufacture of explosives.
