Lausche Sees Reds Hastening War End

WARREN, Aug. 10.—(UP)—Gov. Frank J. Lausche today was one of many Americans to believe that Russia's entry into the Japanese war would hasten total victory.

"Russia's declaration of war upon Japan is good news to Americans and bad news to Japan," he said when he learned of the news yesterday while a guest at the Trumbull-co fair.

"Japan was reeling from the mighty blows she was subjected to by America," Lausche declared. "Russia's entry will expedite what inevitably would have been a victory for America."

Bender Will Urge Aviation Bureau

WASHINGTON, Aug. 10.—(AP)—Rep. George H. Bender (R-Ohio), is mapping a new effort looking to establishment of a separate government department for aviation when congress reconvenes.

"The air age," he said today in a statement, "is no longer around the corner. It is here, and our government must not delay longer in recognizing this truth by creating a department of aviation."

The Ohioan has introduced legislation authorizing such a department to be headed by a cabinet member.
