"Son-Of Lassie," Top Animal Story, Opening At The State

Animal stories, during 'the past few years of movie production, have become more prevalent. They have interwoven themselves with romance and comedy and turn out to be just what the people ordered, Opening at the State theatre Thursday will be the animal story which to date has topped them all, "Son Of Lassie," with Peter Lawford, Donald Crisp and Nigel Bruce and the star of "Lassie Come

Home," Lassie and son Laddie. The film has something which will strum the very heart strings of everyone who sees it.

It's seldom that a film can bring to an audience the very down-toearth facts about the fighting men. But now, it has been done, the bare facts of the life of an infantryman have been exposed in "The Story Of GI Joe," now show-Ing at the Ohio theatre. The film stars Burgess Meredith who portrays Ernie Pyle.

Do you feel in the need of a good laugh? If so there's a great big one in store for you when you see "Over 21" starring Irene Dunn, Charles Coburn and Alexander Knox now showing at the Quilna theatre. The life of a newspaper columnist who is trying to become an officer in the U.S. Army proves to be the basis of this extiemely extraordinary film.

Gloria Jean can certainly get in the craziest mix-ups as you will note if you see "River Gang," the picture which is now showing at the Sigma theatre. When juveniles try to combat a group of criminals stronger than themselves without the aid of the police, then there is certain to be trouble. Sharing the billing is "Why Girls Leave Home."

The causes and ways of combating juvenile delinquency are told in the films now showing at the Lyric theatre. The film "Youth On Trial," tells how 'teen age youngsters were able to get into so much trouble merely because the community did not provide a place for recreation. The other film "I Accuse My Parents" goes along the same lines. Bing Crosby gives out with
