

'The Look' and Boyer Billed In 'Confidential Agent'

When you put "the look" and the "come with me to the Casbah" boy together, then you can expect some love scenes that surpass almost any filmed to date.

In the picture, "Confidential Agent," opening at the State theatre Thursday, Charles Boyer and Lauren Bacall have the starring roles in this film story of before World War II when Spain was doing its best to get coal from England in order to carry on the Spanish Civil war.

With only a few more days left in its play engagement, folks will not want to miss "They Were Expendable" with Robert Montgomery, John Wayne and Donna Reed, currently playing at the Ohio theatre.

Currently on tap at the Quilna theatre is the comedy of all comedies, "She Wouldn't Say Yes" with Rosalind Russell and Lee Bowman; also "The Adventures of Rusty."

The picture tells of a woman psychiatrist who believes she has no inhibitions but a little "nixie," an amorous imp in elf-like shape, who helps do away with all inhibitions. Some of the set-ups of the film are so comical, your sides theoretically may be ripped to ribbons by the time you've seen the show half thru.

James Craig and Frances Gifford are back in another film that also is packed with side-splitting humor. In "She Went to the Races," now showing at the Sigma theatre Miss Gifford is cast as a scientist who believes you can win on the horses if you use scientific strategy.

sort occurs and you well can see the advantages of such a step taken by the fire department. "Arson Squad" can be seen currently showing at the Lyric theatre.

Randolph Scott and Gypsy Rose Lee have the title roles in "Belle of the Yukon" the film currently showing at the Allen theatre.

With plenty of the old "zing" that was so prevalent during the days of the gold rush, the picture is kept alive by many of the dances and gun play of Miss Lee and Scott, respectively.

PATTERSON OPPOSES GI DEMONSTRATIONS SEUL, Korea, Jan. 16--(UP)--Secretary of War Robert P. Patterson said today that he was opposed to mass demonstrations of soldiers to protest Army demobilization and redeployment policies. Patterson said he believed soldiers should take their complaints and questions to their commanding officers without resorting to public demonstrations. The statement was made at a press conference after Patterson had met with a GI committee which asked him about War department demobilization plans. The secretary of war said that the overall demobilization policy had not been changed since the surrender of Japan. With 807,000 troops in the Pacific areas as of Jan. 1, Patterson said that by next May 400,000 troops would either be on route home or already in the United States. More than 275,000 tons of ethylene and 250,000 tons of propylene, both gaseous hydrocarbons obtained from petroleum were used during 1945 for the manufacture of synthetic organic chemicals.

Mystery Programs Top Bill For Wednesday Radio Shows

The arm of the law plays a big role on Wednesday night radio programs, for this night of the week still remains detective-mystery-story night for listeners.

Dick Tracy of the screen, Morgan Conway, will match his powers of deduction as guest armchair detective with master sleuth Ellery Queen in "The Adventure of the Green Eye" to be heard at 7:30 p. m. Wednesday over CBS.

Credited with many Broadway shows and Hollywood movies, Conway, who once wanted to be an FBI agent, will attempt to solve an international jewel thief baffles the police of two continents. The chase leads from New York to London, with Ellery investigating the crime in competition with Scotland Yard and New York's finest.

Rip Van Winkle and his solemn little Dutchmen, an escaped lunatic who fancy himself Captain Bligh, and buried treasure in a spook-haunted farmhouse combine for laughter and thrills on "The Adventures of Mr. and Mrs. North" to be heard at 8 p. m. Wednesday over NBC.

Pam's grandfather dies and leaves her his home in the Catskill Mountains. The natives say that Old Rip's spirit still roams the mountains and sometimes one can even hear the little Dutchmen rolling nine-pins.

A college campus becomes the setting for a mysterious fraternity house killing during "The Case of Sigma Heil" on the "Mr. District Attorney" over NBC at 9:30 p. m. Wednesday.

A student who is instrumental in a classmate's expulsion from college is found dead. At first evidence of guilt points to the expelled collegian as "Mr. D. A." enters the case with special investigator Harrington. But "Mr. D. A." proves once again the non-existence of the perfect crime when he reveals a thread of evidence which enables him to unravel the mystery and bring another brutal killer to justice.

Running for alderman, Ann Sothorn, as "Maizie," wages a vigorous campaign... in behalf of her opponent... on the broadcast at 9:30 p. m. Wednesday over CBS.
