#### Luce May Seek Seat in Senate

WASHINGTON, Jan. 29-(INS) Congresswoman Clara Boothe Luce of Connecticut may run for the senate on the Republican ticket in this year's national election. Mrs. Luce, now serving her

third term as a member of the house of representatives, is being boomed for the job by friends who feel she could carry the Nutmeg state if she won the Republican nomination.

The race for the Connecticut senate seat was thrown wide open last week by the announcement of Sen. Thomas C. Hart, Republican, that he would not seek re-election because of his advancing years. Should Mrs. Luce win the elecwoman in the history of the such distinction was Mrs. Hattie Caraway (D) Ark., who was defeated for re-election in 1944 by Sen. William Fulbright.
