Bumsteads Slated at Lyric In Film 'Blondie's Lucky Day'

Here we go again with the Bumsteads in "Blondie's Lucky Day" opening Monday at the Lyric theatre. Arthur Lake and Penny Singleton once again bring the favorites of the comic strips to life in another laughable film.

Four seems to be more than a family in this picture which includes some of the craziest set ups ever put on celluloid.

For suspense and mystery, the Obio's "The Postman Always Rings Twice" with Lana Turner and John Garfield gives forth with it aplenty. The story is of two people in love who are kept apart only by the fact that the woman already is married. How this is overcome and the penalties following provide good film fare for

The touch of the west is to be found at the Quilna where "In Old Sacramento" with William Elliott now is the feature. Constance Moore has a leading role in the film which is co-featured with "Night Train from Memphis."

Butch Jenkins brings hilarity to the screen of the Sigma in "Boys' Ranch," the picture which opened Saturday. Once again thrills and suspense find their way onto the screen in this picture which shares the bill with "Inside Job" with Preston Foster and Ann Rutherford.

Ray Milland and Sonny Tufts nearly resort to fisticuffs in "The Well Groomed Bride," now showing at the State. It all starts with a magnum of champagnethe only one to be found in a whole city-one which is to be used to celebrate a soldier's homecoming and also launch a ship. How it ends proves to be terrific entertainment, some you won't want to miss.

Hopalong Cassidy, played by William Boyd, comes to the Allen in a true western movie along with another one, "Song of Old Wyoming."

"Crime by Night" and "Wanderer of the Wasteland" are the current features on tap at the Lima Drive-In while the current feature at the Gloria Drive-In is "Adventures of Marco Polo" with Gary Cooper.

Antelope range the open prairie almost exclusively, being unlike; other big game species in this re-
