"Such hourly broadcasts not only would report the progress and landing of the rocket but also might be used to record temperature changes on the moon." Hutcheson said.

"Station M-O-O-N might also help us discover many facts which are now largely a matter of conjecture. It generally is assumed that there is no moisture on the moon because we can see no evidence of atmosphere in the form of clouds and haze. Instruments aboard the rocket could check on this fact and relay the answer to earth by radio," he said.

Thief Tricks **Veteran Teller** Out of \$5,000

CINCINNATI, Aug. 30-(INS) -A clever thief, who tricked an elderly bank teller into leaving his cage and then snatched \$5,000. was hunted by police today. An additional \$25,000 was within the thief's reach but somehow was not taken.

Robert Strasser, 62-year-old veteran teller at the Second National bank, reported that a stranger called his attention to some small change left lying on the counter of an adjacent but va-

cant cage. Strasser left the \$30,000 he was packaging and went to the other cage to get the money. When he the stranger was gone.
