Easy as putting up your hair in curiers . . .

but the wave stays in I

Will TON! work an my hair? Toni will wave any hair that can be permanent-waved, even grey, dyed or bleached hair!

Will I be able to do it? If you can roll up your hair on curlers. you can give yourself a Toni wave just by following the easy directions. If it's easier for you, have your sister or girl friend help. Thousands say it's easy

and fun to do it alone. How long will it take me? That depends on how quickly you work. The actual waving time is only 2 to 3 hours—even less for hair that's dyed, tinted or bleached, or for baby-fine hair:

Directions give details: How long will my TON! weve last? Toni is a genuine permanent, and as such will last

until the hair grows out: Why is TONI a Crema? Because creme does such wonders

for your hair. Toni Creme Waving Lotion gives you a soft 'natural" curl that looks loveliet, lass longer ; ; is "frizz"free from the start.

Can TON! be used on children's hair? Yes-mothers find Toni's gentle creme waving lotion is ideal for children's silkyfine hair. (And the child is free to run about and play while the permanent is "taking"!)

is TONI guaranteed? Yes!Your Toni wave must flatter you or you get back your full purchase price.
