Wisconsin will get about \$1,000,000 from the first federal appropriation under the new five-year
federal hospital survey and construction program. Dr. Carl N.
Neupert, state health officer, revealed Wednesday.

Dr. Neupert told the legislature's
finance committee he had just re-

finance committee he had just received word that the first appro-priation toward the proposed \$1.-125,000,000 federal hospital aid program would be \$50,000,000 and that Wisconsin's share would be

Licensing Provided

One of the bills gives the state health board power to license all Wisconsin hospitals in order to regulate their standards of care and treatment. The other sets up a hospital survey and construction inventory of existing hospitals, see what new ones are needed, and develops a priority plan

ed, and develops a priority plan for building them.

The bills' author, Sen. Warren Knowles (R-New Richmond) said the hospital licensing was necessary because the program requires that hospitals achieve contain standards by July 1, 1948 certain standards by July 1, 1948, in order to qualify for federal aids. Nineteen other states have passed similar measures, he said.
