Washington).

mosquito species.

SEVEN—Implicated wild birds

and domestic fowl as the reservoir and source of infection of the dis-

ease.

EIGHT—Discovered the "California" virus, another encephalitis agent carried by mosquitoes.

NINE—Recently isolated the western equine virus from mite parasites of wild birds, indicating a possible method by which the virtus enceiver themselve withten

LADY IRIS MOUNTBATTEN Lady Iris Mountbatten,

cousin of King George VI, receives reporters after a New York court dismissed a fugitive charge against her in connection with a bad check. The English woman said he hoped immigration officials would allow her to remain in U. S.
