Harding Team Beats TEXAS AND IRISH Roger Ludlowe, 25-7

Presidents Are Outplayed Through Most of First Half, But Rally.

By JOHN JOHANSEN

An underdog Roger Ludlowe High school football team of Fairfield outplayed Warren Harding until the closing minutes in the first half at Hedges Stadium last night, but then the Presidents reverted to previous form and swept to a 25-7 victory before an approximate paid attendance of 10 100 It was Harding's fourth successive victory of the season and the final score jecked the total point production of the East Siders to 105, with Frank Giannini getting two toughdowns and Johnny Longo and Johnny DiMenra one apiece

Ludlowe Starts Strong Yet the Ludlowe lads, 19-0 victime of Fairfield Prep a week ago, exceeded all advance expectations while putting on a strong showing through the first two periods and giving their supporters many hapby moments. Except for one re buff-a forward pass interception and 69-yard touchdown jaunt by Harding's winged-footed Longo in the opening period-the Fairfield team did itself proud. The Presidents were thrown for a net loss of three yards on running plays up to the time they began their victorious comeback and Ludlowe had piled up 102 while resurging to tie the score.

Al Demshak, a track team member playing his first serson of varsity football, was responsible for the lone Fairfield six-pointer that fied the game at 7-7 in the second quarter. Fe broke through a nice hole over his own right tackle, cut to his left and went 55 vards before being hauled down at Harding's six-yard mark. On the next play. Demshak barged through for a score and Johnny Pelos, limited to kicking duties becouse of a had knee place-kicked the extra

From there on, however, it became a different story as the timing and blocking of the Presidents | tained against Stratford. showed vast improvement. After Ludlowe tied the score. Harding took the ensuing kickoff and drove 69 yards in 10 plays to regain the lead with Giannini and DiMenna sparking the advance. A 19-vard picture run through a broken field by Giannini put the ball on the Ludlowe six-yard line, from where the same back circled right end for the touchdown.

The Presidents also received the kickoff which opened the second half and again snoved brilliantly 60 vards to another six-pointer scored rtage for Harding's last touch-Two line smashes by Di-Menna netted 18 yards and three down one vard from pay-dirt. On the first play of the final period, Glannini went wide off his own right tactile for the score.

when the pressure on the inside

of your left foot begins your

pivot. The arms follow. Your

wrists should be loose enough so

there's a drag of the clubhead

away from the ball. There

shouldn't be any conscious effort

to lift the ball until you're well

into your backswing because the

lift will be a natural development

of the pivot and swing of the

arms. The cocking of the wrists

which begins when the hands are

about hip-high in the backswing,

shouldn't give you a feeling of

having lifted the clubhead, but

should give you the idea of stor-

clubhead at the top of the swing

in position to father an easy,

jerkless swing down and through

the ball. As your backswing he-
