#### GROUP WILL PRESS CHURCH-STATE ISSUE

WASHINGTON, Oct. 13 — (AP) Sixty Protestant leaders from all sections of the country, headed by Bishop G. Bromley Oxnam of New York, veled today, to York, voted today to create a nationwide organization to "insure the separation of church and state."

Dr. J. M. Dawson, secretary of the group, said the organization's constitution and platform will be held in St. Louis in the near full behalf and ture.

He said the need for such an organization embracing all faits.

ganization, embracing all faiths, arises from what he described as "efforts to get public money for sectarian purposes, such as free text books for parochial schools."

Dr. Dawson told a reporter that several bills are now before Congress and before state legislatures seeking to use public funds for

"We are interested only in resisting any encroachment on the American doctrine for separation of church and state, which we believe involves religious liberty," he said.

#### POLAND SETS ITS HOPES ON BALANCED BUDGET

WARSAW-(AP) The Polish government's income the first half of 1947 exceeded by \$65,000,000 its expenditures and the nation's financial picture is sound, says Konstanty Dabrowski, minister of finance. Dabrowski said failure thus far of the International Bank for Re-

construction to act upon Poland's request for a \$600,000,000 loan had adversely affected investments based on foreign credits but government-financed investments had not suffered.

a balanced budget at the end of 1947 but a surplus of around 11,000,-000,000 zlotys (\$110,000,000).
