Racial Discrimnation Charged at Baby Show

CASPER, Wyo., Oct. 31—(AP) Charges of racial discrimination were made today against the Casper Moose Lodge by Negro veterans after a Negro mother was asked by the women of the lodge to withdraw her three-year-old child from a baby contest.

Mrs. Effie Gray said that her son, Ronald, first was accepted as a contestant, following an invitation, and she had sold tickets which would have brought him votes toward the prizes, including cups and plaques.

Waldo Hurley, president of the United Veterans' Council, declared the matter would be investigated. The council is a coordinating group made up of representatives from the American Legion, Disabled American Veterans and Spanish-American Veterans.

Bert Johnson, governor of the Casper Chapter of the Moose, said "the Moose Lodge did not sponsor the baby contest." He declined to amplify this statement.

SUGAR PRICE LID LIFTED AS CREDIT CURBS NEAR END

WASHINGTON, Oct. 31 — (AP) The price lid on sugar was lifted at midnight tonight and controls over installment buying will expire at midnight Saturday.

In both cases experts declared the actions need not add to the money troubles of housewives—and of the men who fill their purses—providing moderation is exercised by all.

New York sugar brokers foresaw no price increase this year but they differed as to the future outlook. Some expect a world sugar surplus is in store which would keep the price tags low. Others point out, however, that the European aid program will divert a large portion of the crop to Europe which may affect prices in the U.S.

Sugar Supply Good

Washington officials report the present sugar supply is good and foresee no price advance.

However, on the matter of installment buying, Washington officials express concern lest easing of credit regulations will add fuel to the fires of inflation.

There is wide speculation that President Truman will ask congress to revive credit controls when it meets Nov. 17 on his call to combat high prices and consider aid to Europe.

Senator Taft (R-Ohio) chairman of the Republican Senate Policy Committee, said in a news conference Thursday that he favored extension of credit controls.

Credit Curbs to End

For the first time in over six years sellers will be free to fix the amount of down payments and the time extension for the balance. In general the expiring controls required one-third down and full payment within 15 months for automobiles, radios, refrigerators, washing machines and other major household appliances.

Private business associations have joined federal authorities in warning against a buying spree resulting from the easing of term payments. They say wild buying would only push high prices higher.

Installment purchases have mounted rapidly since the war despite the controls in effect and the shortage of foods. Bounding up at a rate of $170,000,000 a month throughout the last year, the volume is now nearing the $6,000,000,000 peak set in 1941.

FUGITIVE LIFE TERMER FIGHTS RETURN TO CELL

DOYLESTOWN, Pa., Oct. 31—(AP) Two brothers of James Robert Collins arrived today from Alabama to help the life termer in his fight to avoid returning to the prison from which he escaped over a decade ago.

Otis and Willo Collins, both of Mobile, Ala., reported that sentiment in Alabama was overwhelming behind the man who came to Pennsylvania following his prison escape, married and earned a respected place in Bucks County society.

"People feel that he should be given credit for making good as an honest citizen," said Otis after the two brothers had visited the jail and talked with James Robert. "They feel that consideration should be given to the fact that he was just 16 years old when he got in with the wrong gang and got into trouble."

SIGMA PHI ALPHAS MEET FOR DANCING

The first social event of the season of Sigma Phi Alpha fraternity of the University of Bridgeport took place last night in the Hickory Grange hall, Long Hill. John Saccone was chairman of the event, which featured square dancing.
