WNHC-1340

WSTC-1400

BOSTON, Nov. 3-(AP)-House WMCA--570 Speaker Joseph W. Martin tonight WEL!-960 WQXR-1560 defended the current congression-WINS-1010 al investigation into Hollywood WTIC-1080 Communists by characterizing as WNEW-1130 "propaganda" the attacks aimed WOV-1280 at it.

"We've got to protect ourselves against Communists in this country and find out who they are.' Martin said in a press conference after a 30-minute visit with Gov. Robert F. Baidford in the Massachusetts state house.

He said he believes in giving the Federal Bureau of Investigation "every encouragement in the fight WNAB at 6:15; WICC at 6:30; WNAB against Communism," adding it would "do the job if we gave Edgar (FBI head) the green signal and if he had support."

BOOTH & BAYLISS

LET ME TELL YOU OF ONE MAN who recently enrolled in our Night School. He told us that he had worked with figures all of his business life but that he had never had formal business training. All he knew was what he had picked up on his jobs. He realized that many changes had taken place in accounting practices during the past twenty years. In his own mind he knew he lacked the background and the confidence to warrant trying to sell himself for a better position than his present high-grade clerical job. HE TOLD US, ALSO, that he had long hesitated to come in,

thinking he would be conspicuous because of his maturity. He was greatly relieved to see that others of his type were here. It was particularly gratifying to him to see that it was impossible for him to be embarrassed in any way and that he would get exactly what he needed for his particular case,

COMPETITION WILL NOT BE LESS KEEN in the com ing years. Wouldn't you greatly benefit by tying in your experience with some concentrated training in accounting, in advanced bookkeeping, by the addition of shorthand skill, or even by just learning typewriting? We train by Personal Coaching-quiet, friendly, individual explanation right at your desk. It is the perfect method for all students. It is particularly pleasant for those who have been away from formal schooling

I INVITE YOU TO COME IN any Monday or Wednesday evening. You can learn more in one conference than you could understand from a full-page advertisement. That is because we can show you how our courses or parts of our courses will fit into your particular background and solve your particular
