Doctor Raps Curbs on Man's Aggressiveness

By RENNIE TAYLOR

Associated Press Science Reporter CAN FRANCISCO, April 17. (A.P.) A nutrition scientist lashed out today at "biologically inferior" people who

want to curb man's aggressiveness and make him content to live on the same level as inferior men." The scientist is Dr. James A.

Shield, Richmond, Va., nutrition specialist., His statement was in a paper prepared for delivery to the American Academy of Ap-piled Nutrition. In Dr. Shield's absence the paper was assigned to Dr. J. C. A. Harding of San Diamerican decomposition of the said. Mild Over Mild Over

for reading before the hield directed his fire at Most of U.S. Shield directed his fire at that they cannot see the neces

sity for respecting healthy bio-logical drives." He said they CHICAGO, April 17. UP Mild weather, suitable for early farm wanted to level human aggres operations, continued over most siveness to make inferior people of the nation today. comfortable.

added, is futile, because it is con-trary to the ways of nature. As states and held at normal levels an example of superiority and in throughout the south and west. of chickens which contain Lakes area, however, reported biology he cited dominating hen and various readings below freezing early to-ocial" levels; packs of wild ani day with light to moderate frost, "social" levels; packs of wild ani-day with light to moderate frost, mals having a leader and several but forecaster J.
