

## COURT ORDER HALTS MASS PICKETING

HARTFORD June 4 (AP)—A temporary restraining order against mass-picketing at the American Hardware Corporation plant in New Britain was issued late today by Superior Court Judge Thomas J. Molloy.

The order will be served on officials of UE Local 232 tomorrow and will be effective during next Monday Tuesday and Wednesday. On Wednesday at 10 a.m. a hearing will be held before Judge Samuel Melville who will decide if the order is to be continued in force modified or dismissed.

Judge Molloy signed the order on application of the American Hardware Corporation represented by Attorney Walfrid G. Lundborg of Hartford. It was issued after a hearing in chambers at which evidence consisted of the sworn testimony of witnesses motion pictures and photographs.

The order was issued under authority of Section 1193E of the 1938 statutes. This provides for a temporary restraining order or injunction effective for no longer than three days. The strike at the plant began Wednesday.

The order limits the number of pickets at any one of the 18 plant gates to 10. It directs that these may move in single file and pickeets must be at least 10 feet apart.

The company has claimed that picketing activity has taken place at nearly all its gates and that as many as 150 pickeets have been massed at one time.
