House Group Asks Contempt Action

NEW YORK, July 10. (P) A House subcommittee will ask that nine C. I. O. union officials, who refused to tell whether they are

Communists, be cited for con-tempt of Congress.

The move was announced yes-terday by Rep. Charles J. Kersten (R.-Wis.) chairman o fthe sub-

committee, after three days of turbulent hearings.

He said he would recommend to the House education and labor committee of which the investi-

gating group is a branch, that the nine labor leaders be cited.

All are officials of the C. I. O. Retail, Wholesale and Department Store Union.

Yesterday's session—the quiet est of the three-ended on a fiery note after one union leader stood up and demanded a chance to call attention to "the lack of honor and lack of integrity of this committee."
