Bridgeport will join the ever-growing list of cities in which jazz concerts are presented on a regular schedule. Bill Ratzenberger and Roy Gregory have rented the State Armory for bi-weekly concerts on Wednesday nights, starting Sept. 29. The first three concerts will feature Dizzy Gillespie and his be-bop crew, Louis Armstrong's All Stars (with Jack Teagarden, Barney Bigard, etc.), and Illinois Jacquet's Band with Sarah Vaughn.

All types of jazz will be featured, Mr. Ratzenberger announces, be it Dixieland or bebop. Norman Granz is expected to bring in Stan Kenton's band during its fall tour of the East.

The Armory, now leased to the Bridgeport Brass company, is being extensively renovated inside. New bleachers, plus seats on the main floor, will enable crowds of 3,000 to witness the jazz concerts. A new portable stage is being installed, as well as modern lighting.

Meanwhile, Larry Marks is presenting a jazz concert next Wednesday night at the Jewish Community Center. Among the performers will be Seymour Lax, Howie Marks, John Lewis, Horace Silvers and Larry himself, plus guest musicians from out of town.

Heralding the event are NBC's "Living—1948" documentary show today at 4:35 and a WNAB-ABC discussion of "The Original Character of the Olympian Festival and Its Effect on Art and Peace" by Dr. Gilbert Murray at 10:30 tomorrow night.

A ten-day honeymoon cruise to Honduras has also been arranged.

With this column, we depart for a two week vacation—hoping that, while we're away, someone in this area may be called on "Stop the Music" and win the jackpot by identifying the mystery tune as "The Sun Dance," as we tipped you off last Wednesday. Remember our other tip, too—"Hap" Arnold is the mystery voice on CBS' "Stop the Music." Sorry, we can't tip you off on the other quizzes—but maybe we'll have a fresh batch of tips when we return. Au revoir!

NEW HEARING ACCLAIMED BY THOUSANDS

Thousands of deafened people throughout the nation are now enjoying better hearing than they ever thought possible with Western Electric's remarkable new all-in-one hearing aids. Super 66 or Model 65, according to Mr. Allan M. Dubin of Personal Hearing Aid Bureau, 83 Fairfield Ave., Bridgeport.

Mr. Dubin pointed out that these new instruments, the only hearing aids designed by Bell Telephone Laboratories, are unusually adaptable to an individual's needs. Model 65, for example, is designed for those who are moderately deafened and who require a lightweight, economical hearing aid. Super 66, on the other hand, offers superb amplification, excellent fidelity over a wide tonal range, to those who have a severe hearing loss.

Mr. Dubin stated that he will be happy to demonstrate Super 66 and Model 65 to anyone with a hearing impairment who will call at the above address or phone 5-8986 for an appointment.—Adv.
