1. ARE MOST COUPLES SATISFIED WITH THE NUMBER OF CHILDREN THEY HAVE? YESDNOD E Par OIL O I Pat by Jahn F. Dillo Ca

Answer to Question No. 1 Yes. The Millbank Memorial Fund asked this question of 1000 Indianapolis couples. Three out of four said 'Yes," although, on the average they had only one. As the Eugenical News suggests if you should ask them if they were satisfied with the number of cats and dogs they have, they would also say yes. Other surveys show if you had asked them at the time they married, how many they had hoped to have, they would have said, "From two to four."
